

U.S. ELECTION ASSISTANCE COMMISSION

2012 Election Administration & Voting Survey

New Jersey

Statutory Overview

In order to better understand state laws governing federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. These answers will help EAC to better understand the quantitative data relating to the 2012 general election that we are collecting from all U.S. states and territories.

EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

SECTION A: GENERAL

A1. How does your state define the following terms related to votes and ballots? Please provide your state's legal citation defining these terms, where applicable.

a. Over-vote

 X No Change Since 2010 Changed Since 2010

2010 Response:

[Begin definition (a) below this line.]

The term "over-vote" is referenced in New Jersey law, but is not defined. Generally, the term is used in practice to refer to when a voter marks more names than there are persons to be elected to an office or marks both "yes" and "no" on a public question.

b. Under-vote

 X No Change Since 2010 Changed Since 2010

2010 Response:

[Begin definition (b) below this line.]

The term "under-vote" is referenced in New Jersey law, but is not defined. Generally, the term is used in practice to refer to when a voter marks no names for persons running for an office, marks fewer names than there are persons to be elected to an office, or marks neither "Yes" or "No" on a public question.

2010 Response:

[Begin definition (d) below this line.]

A “void ballot” under New Jersey law is a ballot which:

- is either wholly blank;
- has more names marked for every office than there are persons to be elected to such office and which has both "Yes" and "No" marked upon every public question; or
- has on its face or back, any mark, sign, erasure, designation, or device whatsoever, other than is permitted by the election laws, by which such ballot was intended to be distinguished from another ballot.
N.J.S.A. 19:16-4.

A “spoiled ballot” under New Jersey law is a ballot which has been spoiled or rendered unfit for use by a voter and which may be returned to the district board member who may then give the voter a replacement ballot. N.J.S.A. 19:15-29.

[End definition (d) above this line.]

e. Provisional/Challenged ballot

 X No Change Since 2010 Changed Since 2010

2010 Response:

[Begin definition (e) below this line.]

A “provisional ballot” is a paper ballot used by certain categories of voters and which is reviewed by the appropriate county election office to confirm the voter’s eligibility before the ballot may be canvassed for counting. N.J.S.A. 19:53C-1 to -21. The term “challenged ballot” is not used in New Jersey law.

[End definition (e) above this line.]

f. Absentee

 X No Change Since 2010 Changed Since 2010

2010 Response:

[Begin definition (f) below this line.]

The term “absentee” has been replaced with the term “mail-in” with the enactment of the "Vote by Mail Law of New Jersey. P.L. 2009, c. 79.

[End definition (f) above this line.]

g. Early voting

☐ No Change Since 2010 ☒ Changed Since 2010

2010 Response:

[Begin definition (g) below this line.]

There is no provision for “early voting” in New Jersey law. On the 45th day before election day, however, the county clerks, begin forwarding mail-in ballots to each mail-in voter whose mail-in ballot application was approved. N.J.S.A. 19:63-9. Mail-in ballots may be sent to the county board of election up until the time for the closing of polls on election day. N.J.S.A. 19:63-16(d)(1). No other form of voting is available to voters before an election day.

[End definition (g) above this line.]

h. Active Voter

☒ No Change Since 2010 ☐ Changed Since 2010

2010 Response:

[Begin definition (h) below this line.]

i. Inactive Voter

☒ No Change Since 2010 ☐ Changed Since 2010

2010 Response:

[Begin definition (i) below this line.]

The term “inactive voter” is not defined in New Jersey law. The term is used in the Statewide Voter Registration System to refer to a voter to whom a

confirmation notice has been sent, has not responded to the same, and remains eligible to vote.

[End definition (i) above this line.]

A2. Please provide the legal citation for any *significant* changes to election laws or procedures that have been enacted or adopted since the previous Federal election. "Significant" does not include routine or technical changes (such as changes to election district boundaries or polling place changes). However, EAC would like to learn about any new identification requirements for voters or registrants; changes in eligibility for voting or registering; adoption of alternative voting methods; and other changes that you believe represent a significant change in the way your state runs its elections.

 X No Change Since 2010 Changed Since 2010

2010 Response:

[Begin response to above question (A2) below this line.]

Effective July 1, 2009, the "Vote by Mail Law of New Jersey" replaced the former absentee voting provisions. P.L. 2009, c. 79. The key changes in law are as follows:

- Prior to P.L. 2009, c. 79, any voter who was permanently disabled could, by way of one application, receive ballots for all elections in one calendar year. A voter could also request a ballot application only for all general elections. Now, any voter can request, with one application, all the eligible ballots in one calendar year or a ballot for all general elections. N.J.S.A. 19:63-3.

- Prior to P.L. 2009, c. 79, any voter who was sick or confined could designate an authorized messenger to apply for, and obtain, a mail-in ballot for a ballot. There was no limit as to the number of voters for whom someone could serve as an authorized messenger. Now, any voter can now apply for, and obtain, a mail-in ballot by way of an authorized messenger. Also, an authorized messenger can now only serve as such for ten voters. N.J.S.A. 19:63-4.
- Prior to P.L. 2009, c. 79, a voter for whom records reflected an absentee ballot was requested could only vote at the polling place if he or she claimed no such application was made or that no such ballot was received. Now, a voter may vote by provisional ballot at the polling place if he or she requested and received a mail-in ballot, but did not transmit the ballot to the county board of election. N.J.S.A. 19:63-20(b), N.J.S.A. 19:53C-3(j).

SECTION B: VOTER REGISTRATION

B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)

☒ **X** **No Change Since 2010** ☐ **Changed Since 2010**

2010 Response:

[Begin response to above question (B1) below this line.]

Top Down; a central State server is used by all 21 counties to add/update voter records.

[End response to above question (B1) above this line.]

If your state uses a bottom-up or hybrid system, how often do local jurisdictions transmit registration information to the state list?

[End response to above clarification question to B1 above this line.]

B2. Please describe the process used in your state to move voters from the active list to the inactive list, and from the inactive list to the active list. Is a different process used for UOCAVA voters?

☒ **X** **No Change Since 2010** ☐ **Changed Since 2010**

2010 Response:

[Begin response to above question (B2) below this line.]

A voter is moved from active to inactive status on the Statewide Voter Registration System when a confirmation notice is sent to the voter. A confirmation notice is sent when the county commissioner of registration has a reasonable basis to believe a registered voter no longer resides within the county of registration. N.J.S.A. 19:31-15.

[End response to above question (B2) above this line.]

B3. Please describe your state's process for removing voters from the voter registration rolls (not merely moving them from active to inactive). Please include information regarding notices and confirmations. Are these procedures the same for UOCAVA voters?

 X No Change Since 2010 Changed Since 2010

2010 Response:

[Begin response to above question (B3) below this line.]

Voters are removed from the Statewide Voter Registration System upon the following occurrences:

- Death confirmed by the records of the New Jersey Department of Health and Senior Services, Bureau of Vital Statistics and Registration;
- Criminal disqualification confirmed by the records of the New Jersey Department of Corrections, the State Parole Board, or the New Jersey Judiciary Administrative Office of the Courts;
- Mental disqualification confirmed by a court order;
- Personal request of a voter to be removed from the Statewide Voter Registration System;
- Out-of-State move confirmed by the voter;
- Failure to respond to a confirmation notice and vote, or appear to vote, in any election from the date the confirmation notice is sent up until the day after the second subsequent federal election. A confirmation notice is sent when the county commissioner of registration has a reasonable basis to believe a registered voter no longer resides within the county of registration. N.J.S.A. 19:31-15. The confirmation notice is a "postage prepaid and pre-addressed return card, sent by forwardable mail, ..." Ibid. No confirmation notices are sent after the 90th day prior to the date of a primary or general election for federal office consistent with 42 U.S.C. 1973gg-6(c)(2)(A).

[End response to above question (B3) above this line.]

B4. Can your state's voter registration database (or equivalent) share information electronically with your state's driver's license agency (for example, to match records or trace changes in address)? Can your voter registration database be similarly linked with databases in any other state or federal agencies? Please describe these links, including any use of database matching to verify voter registration applications.

 No Change Since 2010 X Changed Since 2010

2010 Response:

[Begin response to above question (B4) below this line.]

New Jersey's Statewide Voter Registration System interfaces with the computerized records of the following State agencies:

- The New Jersey Motor Vehicles Commission for motor vehicle license information and social security numbers and signatures;
- The Department of Health and Senior Services, Bureau of Vital Statistics and Registration, for death records;
- The Department of Corrections, the State Parole Board, and the New Jersey Judiciary Administrative Office of the Courts for data on persons incarcerated, on probation, or on parole for convictions for indictable offenses.

New Jersey does not use NCOA as part of the SVRS.

[End response to above question (B5) above this line.]

B6. Please describe your state's voting eligibility requirements as they relate to individuals with a felony conviction. (For example, are convicted felons allowed to vote while in prison or while on parole or probation? Are voting rights automatically restored or does the individual have to apply for a pardon, certificate of eligibility or other similar certificate? Does an individual whose voting rights have been restored have to produce documentation of his/her status when registering to vote?)

 X No Change Since 2010 Changed Since 2010

2010 Response:

[Begin response to above question (B6) below this line.]

Under New Jersey law, a person convicted of an indictable offense, i.e. a felony, is disqualified from the right to vote for as long as the person is serving a prison sentence or is

on parole, probation, or federal supervised release as a result of such conviction. N.J.S.A. 19:4-1. In general, a person who has served his or her sentence and has completed any subsequent period of parole or probation is eligible to register, or re-register, to vote. Ibid. A person who has been convicted of violating any provision of Title 19, the Election Laws of the State of New Jersey, and has had criminal penalties imposed, including the loss of the right to vote, however, may register, or re-register, to vote only after a pardon or if his or her right to vote has been restored by law. Ibid.

[End response to above question (B6) above this line.]

B7. Does your state currently use the Internet in any way to facilitate voter registration? If yes, please describe how your state allows voters to use the Internet in the registration process (e.g., entire registration completed online; completed online but then must be printed, signed, and mailed by voter, etc.).

__X__ No Change Since 2010 **_____ Changed Since 2010**

2010 Response:

[Begin response to above question (B7) below this line.]

New Jersey does not currently use the Internet to facilitate voter registration except for military and overseas civilian voters who may transmit a federal postcard application to register to vote by electronic mail. These voters must also simultaneously mail the federal postcard application form to the appropriate election official. N.J.S.A. 19:59-4.

The State Division of Elections website, njelections.org, allows voters to fill out a registration form on line but it must be printed, signed and mailed by the voter.

If your state has post-election auditing, consider including in your response information such as the unit being audited (e.g., precincts, machines); the sampling method (e.g., fixed percentages); whether there is a specific trigger for the audit; the location of the random selection (e.g., state, county); and the races that can be audited.

* The information collection associated with the Election Administration and Voting Survey is required for the EAC to meet its statutory requirements under the Help America Vote Act (HAVA) of 2002 (42 U.S.C. 15301), the National Voter Registration Act (NVRA) (42 U.S.C. 1973gg-1 et seq.), and the Uniformed and Overseas Citizens Absentee Voters Act (UOCAVA) (42 U.S.C. 1973ff-1). Respondent's obligation to reply to this information collection is mandatory as required under NVRA (42 U.S.C. 1973gg-1 et seq.) and UOCAVA (42 U.S.C. 1973ff-1). This part of the information collection is being requested to help the EAC to better understand state laws governing federal elections. Respondents include the fifty states, the District of Columbia, and the U.S. Territories. This information will be made publicly available on the EAC website (www.eac.gov). According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is OMB Control No. 3265-0006 (expires 5/31/2013). The time required to complete this information collection is estimated to average 59 hours per state response. This estimate includes the time for reviewing the instructions, gathering information, and completing the form. Comments regarding this burden estimate should be sent the U.S. Election Assistance Commission – 2012 Election Administration and Voting Survey, 1201 New York Avenue, Suite 300, Washington, DC 20005.
