State HAVA Funding Reports
U.S. Election Assistance Commission
1225 New York Avenue NW, Ste 1100
Washington DC 20005

Dear Commissioners,

I am pleased to provide you with the SF 269 report for funding under Title I of the Help America Vote Act, (HAVA) Public Law 107-252, as required by law.

Minnesota received \$5,313,786.00 in Title I funding under section 101 of HAVA. Minnesota was ineligible for section 102 funding because no lever or punch card voting systems have been in use in Minnesota for many years prior to the passage of HAVA.

We have now expended all of the original Title I funds and this is the final report for this grant, CFDA 39.011.

These Title I funds were used primarily for the programming of our Statewide Voter Registration System, (SVRS) implemented in August 2004, but for which improvements and enhancements have continued to the present.

Minnesota is pleased to have had the opportunity to implement this HAVA-compliant system and used it successfully in the 2004 elections and in local and municipal elections ever since that time, with great success.

Best regards,

A handwritten signature in blue ink that reads "Mary Kiffmeyer".

Mary Kiffmeyer
Secretary of State of Minnesota

**Help America Vote Act (HAVA) Financial Status Report
For January 1 – December 31, 2005**

Minnesota received \$5.3 million in Title I funding. All the funding is being spent on Section 101 improvements. Since Minnesota does not have any punch card or lever voting machines, no funding for Section 102 was received or spent. The following is Section 10 of the Minnesota State Plan for HAVA regarding Title I Payments.

**State of Minnesota
HAVA State Plan - Section 10
Title I Payments**

Section 10 of the Minnesota State Plan provides, “if the State received any payment under Title I, a description of how such payment will affect the activities proposed to be carried out under the plan, including the amount of funds available for such activities” as required by Public Law 107-252, Help America Vote Act of 2002, Section 254(a)(10).

10.1 Use of Title One Payments

The State of Minnesota will use HAVA Title I funds to plan, develop, and implement a uniform statewide voter registration system to meet HAVA Title III requirements.

Minnesota’s Anticipated Federal and State Funds:

Fiscal Year	Federal Funds Authorized	Federal Funds Appropriated	Minnesota Share*	5% Match
2003 Title I	\$650 million	\$650 million	\$5.3 million	Not required

* Minnesota’s share is based on a HAVA formula using a voting age population of 1.71 percent of total US voters. Figures are estimates.

The system will:

- provide a unique identifier for every voter in the system;
- coordinate with other State agency’s databases to permit verification of registration data;
- identify ineligible registrants;
- provide increased system access for local election administrators;
- permit the administration of requirements for voters who register by mail; and
- accommodate the use of Minnesota driver license numbers and Social Security information as identifiers in voter records.

System development will also modify existing system elements and functionalities to preserve system integrity, ensure quality and be sufficiently robust to support increases in the number of users.

Minnesota also will use the funds under HAVA Title I to carry out one or more of the activities delineated in Section 101 of HAVA, and, if funds remain, HAVA Title III requirements.
