

U.S. ELECTION ASSISTANCE COMMISSION

2010 Election Administration & Voting Survey

Hawaii

Statutory Overview

In order to better understand state laws governing federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

[End response to above question (A2) above this line.]

SECTION B: VOTER REGISTRATION

B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (B1) below this line.]

Hawaii's voter registration system is a top down system.

[End response to above question (B1) above this line.]

If your state uses a bottom-up or hybrid system, how often do local jurisdictions transmit registration information to the state list?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above clarification question to B1 below this line.]

Not applicable.

[End response to above clarification question to B1 above this line.]

B2. Please describe the process used in your state to move voters from the active list to the inactive list, and from the inactive list to the active list. Is a different process used for UOCAVA voters?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (B2) below this line.]

Voters are moved to the inactive list after election officials mail the section 8(d)(2) confirmation postcard. Re-registration submitted by this category of voter would move the record back to the active list. This process is used for UOCAVA voters.

[End response to above question (B2) above this line.]

B3. Please describe your state's process for removing voters from the voter registration rolls (not merely moving them from active to inactive). Please include information regarding notices and confirmations. Are these procedures the same for UOCAVA voters?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (B3) below this line.]

Voters are removed after non activity/non registration for two federal election cycles following placement on the inactive list. Typically, the purging is conducted several months after the general election. This process is used for UOCAVA voters.

[End response to above question (B3) above this line.]

B4. Can your state's voter registration database (or equivalent) share information electronically with your state's drivers license agency (for example, to match records or trace changes in address)? Can your voter registration database be similarly linked with databases in any other state or federal agencies? Please describe these links, including any use of database matching to verify voter registration applications.

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (B4) below this line.]

Hawaii currently verifies voter registration information with the state drivers license database.

[End response to above question (B4) above this line.]

B5. Please describe how your state uses National Change of Address (NCOA). What has been your state's experience with NCOA?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

[End response to above question (B5) above this line.]

B6. Please describe your state's voting eligibility requirements as they relate to individuals with a felony conviction. (For example, are convicted felons allowed to vote while in prison or while on parole or probation? Are voting rights automatically restored or does the individual have to apply for a pardon, certificate of eligibility or other similar certificate? Does an individual whose voting rights have been restored have to produce documentation of his/her status when registering to vote?)

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (B6) below this line.]

Convicted felons regain the right to vote upon probation, parole, or final discharge. HRS § 831-2. Individuals may be asked to produce documentation to that effect. Registration by deadlines is not automatic and is required.

[End response to above question (B6) above this line.]

B7. Does your state currently use the Internet in any way to facilitate voter registration? If yes, please describe how your state allows voters to use the Internet in the registration process (e.g., entire registration completed online; completed online but then must be printed, signed, and mailed by voter, etc.).

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (B7) below this line.]

Yes. A person who wants to register to vote may download and print a voter registration form.

[End response to above question (B7) above this line.]

SECTION C: ELECTION ADMINISTRATION

C1. Please describe how all votes cast at a place other than the voter's precinct of registration are tabulated (for example, please include descriptions of such votes as absentee ballots, mail-in ballots, votes cast at vote centers, provisional ballots, early voting locations, etc.).

a. Are the votes counted centrally or at the precincts?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (a) below this line.]

For early vote the ballots are counted on a precinct counter and/or DRE. For Absentee Mail the ballots are counted centrally at a counting center in each county.

[End response to above question (a) above this line.]

b. If centrally tabulated, are the votes redirected to the appropriate precinct for reporting in the canvass?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (b) below this line.]

No, the votes are redirected by ballot style.

[End response to above question (b) above this line.]

c. Are the absentee, mail, etc., votes reported separately for each precinct, or are they added to the in-precinct results and reported as just a single number?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (c) below this line.]

The absentee mail and early vote ballots are reported by ballot style, separate from the election day votes.

d. How are UOCAVA ballots counted and reported?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (d) below this line.]

UOCAVA votes are counted the same as absentee ballots in c., supra.

[End response to above question (d) above this line.]

C2. Does your state require a reason for voting absentee, or does your state allow no-excuse absentee voting? (If a reason is required, please provide the legal citation.)

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (C2) below this line.]

Hawaii does not require a reason for voting absentee. HRS § 15-4.

[End response to above question (C2) above this line.]

C3. Does your state provide for in-person early voting? If so, how is early voting defined? When early voting is used, are the ballots counted at the precinct or at a central location? How are these votes reported?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (C3) below this line.]

Yes, Hawaii provides for in-person early voting. HRS § 15-7. Here early voting is termed “absentee walk in” voting. Votes are counted at the precincts and compiled centrally.

[End response to above question (C3) above this line.]

C4. Do any jurisdictions in your state use a vote-by-mail system to replace (and not merely supplement) at-the-precinct voting in any elections?

☒ **No Change Since 2008** ☐ **Changed Since 2008**

2008 Response:

[Begin response to above question (C4) below this line.]

For unique historical reasons the area of Kalawao, located on the Island on Molokai, is designated as a county, but for election purposes it is included in the County of Maui. HRS 11-1 (Definitions). The County of Kalawao utilizes a vote by mail system. HRS § 15-4. However, we do not consider it to be an election jurisdiction for purposes of this survey.

C6. Does your state count provisional ballots of voters who are registered in different precincts, or are those ballots automatically rejected? Please describe the process used by local election officials in determining whether to count a provisional ballot.

 x No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (C6) below this line.]

A voter casting a provisional ballot must be in the proper precinct. Local election officials will determine whether the voter's ballot proposed to be cast is in the proper precinct by verifying the ballot style against the address noted on the provisional ballot documentation.

HRS § 11-77. Appointment of watchers; service

(a) Each qualified political party shall be entitled to appoint no more than one watcher who may be present at any time in each precinct and absentee polling place in which the candidates of that political party are on the ballot. E2. The Military and Overseas Voter Empowerment Act (MOVE) was signed into law on October 22, 2009. The MOVE Act contains, among other things, provisions regarding States' methods of communication with UOCAVA voters and UOCAVA ballot transmission.

Please describe your State's processes and procedures for implementing MOVE (including any changes in your State's laws or regulations) as they relate to:

- Protecting the security and integrity of the voter registration and ballot application process, the privacy and personal information of the voter, and absentee ballots. (Sect. 577, 578)
- Designating a means of electronic communication for all voting-related materials to UOCAVA voters. (Sect. 577)
- Establishing a ballot tracking mechanism to allow voters to determine whether their ballots were received by the appropriate election official. (Sect. 580(d))

Also, please describe your State's plans to capture data related to the number of registration applications, ballot applications, and blank ballots transmitted to UOCAVA voters via mail and electronic means (Internet, email, fax) *and* the number of registration applications, ballot applications, and completed ballots returned by UOCAVA voters via mail and electronic means (Internet, email, fax).

This question was not asked in 2008. Please provide your answer below.

[Begin response to above question (E2) below this line.]

We passed an administrative rule that encompassed all of the requirements of the MOVE Act. HAR § 3-174-22. As a result of an agreement with the USDOJ, due to our Primary Election being exactly 45 days from the General Election, all ballots in the 2010 General Election for voters covered by UOCAVA were sent either by USPS Express Mail or FedEx to voters. This included the provision of a return FedEx or USPS Express Mail envelope to

return the ballot at State expense. Unique USPS and FedEx tracking numbers were utilized to allow for tracking of the ballot to the voter and from the voter back to local election officials. Additionally, voters could elect to have their ballot emailed to them as a PDF document. Follow up communications with voters are planned to occur on October 18, 23, and 28, 2010 in the event the voted ballot is not received by election officials by those dates. Voters will be reminded of their option to receive a replacement ballot by email and to return it by email if they for some reason have not received their ballot within 5 days of the election.

After the election, we plan to review how many voter registration applications were received, how many ballots were transmitted and by what means, and how many ballots were returned and by what means.
