U.S. ELECTION ASSISTANCE COMMISSION

2008 Election Administration & Voting Survey

Statutory Overview

In order to better understand state laws governing federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. These answers will help us to better understand the quantitative data relating to the 2008 general election that we are collecting from all U.S. states and territories.

We understand that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

Any voter in the active registration file who has failed to vote, has not updated the voter's registration information, and has not replied to a confirmation mailing at least once during the last preceding four consecutive years shall be sent a nonforwardable return-if-undeliverable address verification request. If the request is undeliverable then a confirmation mailing prescribed by the State Board of Elections shall be sent. If a county auditor has determined through a national change of address licensee of the United States Postal Service that the address of a voter who is to be sent an address verification request has changed, that mailing may be omitted. This process shall be performed by each county auditor between January first and November fifteenth of each odd-numbered year.

SDCL 12-4-19.1. Confirmation mailing notice to registrant of proposed registration cancellation-- Postcard and return card--Contents. By “significant,” we do not mean routine or technical changes (such as changes to election district boundaries or polling place changes). However, we would like to learn about any new identification requirements for voters or registrants; changes in eligibility for voting or registering; adoption of alternative voting methods; and other changes that you believe represent a significant change in the way your state runs its elections.

[End response to above question (A2) above this line.]

SECTION B: VOTER REGISTRATION

B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)

[Begin response to above question (B1) below this line.]

South Dakota's VR system is bottom-up.

[End response to above question (B1) above this line.]

If your state has a bottom-up or hybrid system, how often do local jurisdictions transmit registration information to the state list?

[Begin response to above clarification question to B1 below this line.]

Daily

[End response to above clarification question to B1 above this line.]

B2. Please describe the process used in your state to move voters from the active list to the inactive list, and from the inactive list to the active list. Is a different process used for UOCAVA voters?

[Begin response to above question (B2) below this line.]

SDCL 12-4-19. Confirmation mailing to voters who fail to reply to a confirmation mailing-- Exception. Any voter in the active registration file who has failed to vote, has not updated the voter's registration information, and has not replied to a confirmation mailing at least once during the last preceding four consecutive years shall be sent a nonforwardable return-if-undeliverable address verification request. If the request is undeliverable then a confirmation mailing prescribed by the State Board of Elections shall be sent. If a county auditor has determined through a national change of address licensee of the United States Postal Service that the address of a voter who is to be sent an address verification request has changed, that mailing may be omitted. This process shall be performed by each county auditor between January first and November fifteenth of each odd-numbered year.

SDCL 12-4-19.1. Confirmation mailing notice to registrant of proposed registration cancellation-- Postcard and return card--Contents. The confirmation mailing notice shall be a double postcard stating that the voter's registration may be canceled if the card is not returned. In addition, the card shall state that if the information on the return card is correct, the voter must sign and return the card within thirty days or the voter's registration will become inactive. The card shall also state that if the information on the return card is not correct, the voter shall send the correct information to update the voter's registration or the voter's registration will become inactive. If the card is returned indicating a new address in another county in South Dakota or another state, the card

shall serve as a cancellation authorization. The card shall also give information on reregistering if the voter has moved to another county or state. The card shall give the information about the voter as it appears in the registration records.

SDCL 12-4-19.2. Placement in inactive registration file by auditor. If the card is not returned to the county auditor within the stated time limit or is undeliverable, the county auditor shall move the voter to an inactive registration file.

12-4-19.4. Cancellation of voter registration. If a voter placed in the inactive registration file does not vote by the second general election following the confirmation mailing, the registration shall be canceled. This determination shall be made between January first and November fifteenth of every odd-numbered year.

No, we use the same process.

[End response to above question (B2) above this line.]

B3. Please describe your state's process for removing voters from the voter registration rolls (not merely moving them from active to inactive). Please include information regarding notices and confirmations. Are these procedures the same for UOCAVA voters?

[Begin response to above question (B3) below this line.]

A county auditor will delete/cancel voters according to the following South Dakota laws and administrative rules:

12-4-18. Lists of persons declared mentally incompetent, deceased or having received felony convictions--Changes on master list. The clerk of courts shall, within fifteen days after the close of each month, prepare and deliver to the auditor an abstract from the records of the names of persons declared mentally incompetent in the preceding month. The notice shall be sent to the county auditor of the county in which the person declared incompetent resides. The county auditor shall remove from the master registration list the names of persons identified in accordance with the information provided pursuant to this section and names of those sentenced to imprisonment in the federal penitentiary system and may remove names published in an obituary.

Voter registration records maintained in or transmitted to the statewide voter registration file shall be matched with the death records maintained as vital statistics records by the Department of Health and the records of felony convictions maintained by the Unified Judicial System. Any voter identified as deceased or who receives a felony sentence to the adult state penitentiary system including a suspended execution of a sentence shall be removed from the voter registration records. The State Board of Elections may promulgate rules, pursuant to chapter 1-26, determining how voter registration records shall be matched.

This section is effective on January 1, 2004.

12-4-12. New registration on move between states or counties--Authorization to cancel previous registration. Any new registrant previously registered elsewhere shall be required to sign an authorization which shall be forwarded by the registration official to the auditor of the county of former registration, or other appropriate registration official, who shall remove the registrant's name from the registration file.

5:04:06:04. Duplicate voter registration check. The Secretary of State shall at least annually conduct a check of the statewide voter registration database to determine if there are duplicate registrations. If the following fields in the registration file match for two or more records, the records are considered duplicates:

- (1) First name, last name, and social security/driver's license number;
- (2) First name, date of birth, and social security/driver's license number; or
- (3) Last name, date of birth, and social security/driver's license number.

The newest duplicate shall be retained as a registered voter. Information on the older duplicates must be sent to the registered voter's county of registration for deletion from the voter registration file.

Yes

[End response to above question (B3) above this line.]

B4. Can your state's voter registration database (or equivalent) share information electronically with your state's drivers license agency (for example, to match records or trace changes in address)? Can your voter registration database be similarly linked with databases in any other state or federal agencies? Please describe these links, including any use of database matching to verify voter registration applications.

[Begin response to above question (B4) below this line.]

Yes

Yes

The voter registration information is verified through our state vital records agency and the Unified Judicial System.

[End response to above question (B4) above this line.]

B5. Please describe how your state uses National Change of Address (NCOA). What has been your state's experience with using NCOA?

[Begin response to above question (B5) below this line.]

Our office used the NCOA for the first time in 2007. Our office mailed out the first notice of the list maintenance process for all but four of our county auditors. We had good experience with that service.

[End response to above question (B5) above this line.]

B6. Please describe your state's voting eligibility requirements as they relate to individuals with a felony conviction. (For example, are convicted felons allowed to vote while in prison or while on parole or probation? Are voting rights automatically restored or does the individual have to apply for a pardon, certificate of eligibility or other similar certificate? Does an individual whose voting rights have been restored have to produce documentation of his/her status when registering to vote?)

[Begin response to above question (B6) below this line.]

A person who is convicted of a felony which includes imprisonment, served or suspended, in an adult penitentiary system, cannot register to vote until his/her entire sentence is completed which includes probation and/or parole. A voter who is convicted of a felony which includes imprisonment, served or suspended, in an adult penitentiary system, loses his/her right to vote until his/her entire sentence is completed which includes probation and/or parole. Once the entire sentence is completed the voter has to register to vote again in order to restore his/her voting rights.

[End response to above question (B6) above this line.]

B7. Does your state currently use the Internet in any way to facilitate voter registration? If yes, please describe how your state allows voters to use the Internet in the registration process (e.g., entire registration completed online; completed online but then must be printed, signed, and mailed by voter, etc.).

[Begin response to above question (B7) below this line.]

We do have the voter registration form available on our website <http://www.sdsos.gov/electionsvoteregistration/registrationvoting.shtm> . All persons registering to vote must print and sign the registration form and mail to his/her county auditor. We have two formats of the voter registration form on our website. One is just a pdf to print and fill out by hand. The other form, the person can fill out on-line, but still must print, sign and mail to the county auditor.

[End response to above question (B7) above this line.]

SECTION C: ELECTION ADMINISTRATION

C1. Please describe how all votes cast at a place other than the voter's precinct of registration are tabulated (for example, please include descriptions of such votes as absentee ballots, mail-in ballots, votes cast at vote centers, provisional ballots, early voting locations, etc.).

a. Are the votes counted centrally or at the precincts?

[Begin response to above question (a) below this line.]

All 66 counties tabulate the votes centrally at the courthouse.

[End response to above question (a) above this line.]

b. If centrally tabulated, are the votes redirected to the appropriate precinct for reporting in the canvass?

[Begin response to above question (b) below this line.]

Yes

[End response to above question (b) above this line.]

c. Are the absentee, mail, etc., votes reported separately for each precinct, or are they added to the in-precinct results and reported as just a single number?

[Begin response to above question (c) below this line.]

All but one county report absentee ballots separately for each precinct.

[End response to above question (c) above this line.]

d. How are UOCAVA ballots counted and reported?

[Begin response to above question (d) below this line.]

These ballots are counted and reported the same as in answer for (c).

[End response to above question (d) above this line.]

C2. Does your state require a reason for voting absentee, or does your state allow no-excuse absentee voting? (If a reason is required, please provide the legal citation.)

[Begin response to above question (C2) below this line.]

We allow no-excuse absentee voting.

[End response to above question (C2) above this line.]

C3. Does your state provide for in-person early voting? If so, how is early voting defined? When early voting is used, are the ballots counted at the precinct or at a central location? How are these votes reported?

[Begin response to above question (C3) below this line.]

Yes, but our state law still refers to this as absentee voting.
Absentee voting by mail and in-person begins six weeks prior to the election.
All ballots are counted at a central location (courthouse).
Same as in question C1(c)

[End response to above question (C3) above this line.]

C4. Do any jurisdictions in your state use a vote-by-mail system to replace (and not merely supplement) at-the-precinct voting in any elections?

[Begin response to above question (C4) below this line.]

No

[End response to above question (C4) above this line.]

C5. Please list each of the situations that require a provisional ballot in your state. Please provide the relevant legal citation for each situation.

[Begin response to above question (C5) below this line.]

SDCL 12-18-39. Provisional ballot--Eligibility. If any person is not authorized to vote pursuant to § 12-18-7.2, is successfully challenged under § 12-18-10, or is otherwise denied the ability to vote and the person maintains that he or she is currently registered to vote in that precinct, the person may cast a ballot which shall be called a provisional ballot. A member of the precinct election board shall notify any person who is denied the ability to vote that the person may cast a provisional ballot.

SDCL 12-18-7.2. Voting without acknowledgment notice on verification by auditor--Emergency voting card. If any person attempting to vote in any election claims to be registered or any person attempting to vote in any election claims to be in the inactive registration file but does not possess an acknowledgment notice and the person's name does not appear in the registration list of the precinct, the person may vote if one of the members of the precinct election board first confirms by telephone or other means with the county auditor or a deputy auditor that the name was erroneously omitted from the list, and an emergency voting card, in duplicate, in the form prescribed by the State Board of Elections is signed by the applicant and each member of the precinct election board. The original emergency voting card shall be retained by the precinct superintendent as part of the precinct superintendent's permanent records, and the duplicate shall be given to the voter. In a primary election, the party affiliation of any voter using the emergency voting procedure of this section shall be designated on the emergency voting card.

SDCL 12-18-10. Grounds for challenge of applicant to vote--Determination by judges--Notation on registration list. If a person makes an application for ballots, or if an absentee ballot has been cast, the person's right to vote at that poll and election may be challenged

only as to the person's identity as the person registered whom the person claims to be or on grounds that within fifteen days preceding the election the person has been convicted of a felony or declared by proper authority to be mentally incompetent. The proceedings shall be conducted before the precinct superintendent and precinct deputies who shall determine from the evidence presented whether or not the person is permitted to vote and the members of the precinct election board shall indicate beside the name on the registration list the ground stated and the result of the precinct election board's decision.

[End response to above question (C5) above this line.]

C6. Does your state count provisional ballots of voters who are registered in different precincts, or are those ballots automatically rejected? Please describe the process used by local election officials in determining whether to count a provisional ballot.

[Begin response to above question (C6) below this line.]

The voter must be in the correct precinct in order for the provisional ballot to be counted.

SDCL 12-20-5.1. Determination of validity of provisional ballots. Prior to the official canvass, the person in charge of the election shall determine if the person voting by provisional ballot was legally qualified to vote in the precinct in which the provisional ballot was cast. In making this determination, the person in charge of the election shall consider the information provided on the affirmation and diligently investigate the voter registration status of the person. If there is no evidence that a voter registration form had been completed by the person showing a residence address in that precinct and returned to an official voter registration site prior to the deadline to register to vote for the election, the provisional ballot is invalid.

5:02:05:24. Notice of provisional ballot determination. The notice sent to the mailing address of a person who has cast a provisional ballot shall contain:

- (1) Voter's name;
- (2) Voter's mailing address;

SDCL 12-20-13.4. Counting provisional ballots--Notice. The notice shall be prescribed by the State Board of Elections

C8. Please describe any state requirements for poll worker training.

[Begin response to above question (C8) below this line.]

SDCL 12-15-7. Meetings of precinct officials for instruction on laws and duties-- Compensation for attendance. Prior to each general or primary election, each county auditor, assisted by the state's attorney, shall call together the superintendents from each of the precincts in the county, and any precinct deputy as the county auditor may deem appropriate, at some convenient time and place and instruct them on the election laws and the duties of the precinct superintendent and precinct deputies. Any person who is called to the meeting and who attends the meeting shall be paid a fee fixed by the board of county commissioners of not less than five dollars for attending the meeting.

If a voter is not able to present a form of personal identification as required by § 12-18-6.1, the voter may complete an affidavit in lieu of the personal identification. The State Board of Elections shall promulgate rules, pursuant to chapter 1-26, prescribing the form of the affidavit. The affidavit shall require the voter to provide his or her name and address. The voter shall sign the affidavit under penalty of perjury.

The ballot shall be sent to the voter's residence, as shown in the voter registration file or any temporary residence address designated in writing by the voter, at the time of applying for the absentee ballot. The person in charge of the election shall stamp the application with the date it was received. The person in charge of the election shall preserve a record of the name, mailing address, and voting precinct of each applicant and, except as provided by § 12-19-45, deliver the record to the superintendent of the election board of the home precinct of the applicant.
