Approval of Voting System Testing Application Package

Dear Mr. Smith,

The U.S. Election Assistance Commission (EAC) has completed the review of the modified application package for the Democracy Suite 4.14 voting system. The application has been accepted.

Dominion Voting Systems selected Wyle Laboratories as the lead VSTL for this testing engagement and testing will be conducted to the *VVSG 2005*. If the system meets the criteria for a grant of certification, the system will be assigned the number "DemSuite-4-14," as per your request on the application form (EAC-002C) approved 12/12/2012.

Finally, we strongly encourage you to regularly visit the EAC's Web site (www.eac.gov) for the latest Notices of Interpretation and Clarification, news, program manuals, and updates. The exact location of this information is: <http://www.eac.gov/program-areas/voting-systems>. The information contained in the Notices of Interpretation and Clarification is critical to understanding testing standards and program requirements. It is a manufacturer's responsibility to ensure they adhere to all procedural requirements of the program.
