

PRODUCT ADVISORY NOTICE

Date: May 6, 2015

Subject: ICC DCF options supported in Adjudication 2.x

Product: ImageCast® Adjudication 2.x

NOTE: The information contained in this document is for reference only. It is recommended that each jurisdiction consult with their state election authority in respect to applicable laws, regulations, procedures and other guidelines, which may influence how this information is used.

Description:

There are four Device Configuration File (DCF) options currently supported by the ImageCast Central and configured in Democracy Suite® Election Event Designer.

Only configurations that require the write-in box to be marked (DCF Options 1 and 3) are processed correctly in Adjudication 2.x. Only the following DCFs options should be used:

- Option 1: Only Write-in Box is required
- Option 3: Both Voting Box AND Write-in Name Area are required

Configurations that do not require the write-in voting box to be marked are not supported and should not be used. The following options should NOT be used:

- Option 0: Either voting box or write-in name area
- Option 2: Only write-in name area is required

Please contact your Dominion Voting customer service representative if you have any questions regarding this Product Advisory Notice.
