Re: EAC Manufacturer Registration

Dear Brian:

This letter will serve to advise you that Diebold Election Systems, Inc. has changed its name to Premier Election Solutions, Inc. ("Premier"). We have amended the Articles of Incorporation with the State of Delaware, our state of incorporation.

For clarity, this is a name change and the legal entity who has had interaction with your organization continues and remains the same party, with the same Tax ID, etc. and further continues and remains responsible for compliance and performance of any agreements or other duties entered into by that legal entity previously under the name of Diebold Election Systems, Inc.

Also, EAC had assigned a manufacturer code designation of D B D. Would it be at all possible to change it to P R M to reflect our new company name?

As per Section 2.5.2 of the EAC Voting System Testing and Certification Program Manual (v1.0), please find attached a revised EAC Manufacturer Registration application form which illustrates that the company name has changed and that primarily all other aspects of the manufacturer's registration have remained the same. In addition to the company name change, Premier has also provided, in the revised application form, a response to the EAC NOC #07-004, which requests the names and addresses of manufacturing locations for detailed parts of the voting system.

If you have any questions regarding this revised application form, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Talbot Iredale", written over a horizontal line.

Talbot Iredale, P.Eng.  
Systems Development Manager  
Premier Election Solutions, Inc.
