Dear Victor Vasquez,

The EAC has reviewed Engineering Change Order ECO 100924, including supporting documentation and analysis provided by the voting system test lab. This minor change includes an updated Security System Specification document which does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The ECO impacts the following systems:  
Democracy Suite 5.17

This correspondence is to inform you that Dominion Voting Systems Corp ECO 100924 is approved.

Sincerely,
