Pursuant to section 103.101(4) Florida Statutes, please note that since the Florida Democratic Party only provided one candidate nominee, the Presidential Preference Primary ballot for the Florida Democratic Party is not needed to determine party voters' preferred party candidate nominee. Florida is a closed primary state. Only voters registered with the Republican Party of Florida have a ballot in the 2024 Presidential Preference Primary Election.

Early Voting gives you the flexibility to vote when and where it's most convenient for you. Early Voting is available from **March 6 - March 16, 9 AM to 6 PM including Saturday and Sunday.** As long as you're registered to vote in Nassau County, you can vote in any Early Voting site we have open. This is different from Election Day voting, when you must vote in the polling place assigned to your precinct.

What to Bring To The Voting Site

Please bring one or two forms of identification that include your signature and photo. Without proper identification, you may still vote a provisional ballot, which will later be evaluated by a canvassing board for eligibility. Any of the following forms of photo identification are acceptable:
