Design guidelines

Delete this page when you
finalize your design

- This template is best for if you cannot use color on your materials
- Replace the seal with your own county or state seal, preferably in grayscale
- Be sure to update the design with your own county's name, contact information, and relevant dates
- Change or switch out terms that your jurisdiction uses (for example, absentee voting instead vote by mail voting)
- If your county's website link does not fit the provided space at the bottom, work with your IT team to create a shortened or vanity URL that is simple and easy to remember.
 - E.g., vote.state.gov/register or govote.state.gov
- This template uses the Noto Sans font family available through [Google Fonts](https://fonts.google.com/specimen/Noto+Sans). Noto Sans is a legible font with robust language support. If you cannot use Noto Sans, you can use Calibri.
- Export the file as a PDF to get printed professionally.
