Design guidelines

Delete this slide when you finalize your design

- Replace the seal with your own county or state seal
- Be sure to update the design with your own county's name and relevant dates
- Change or switch out terms that your jurisdiction uses (for example, absentee voting instead vote by mail voting)
- If your county's website link does not fit the provided space at the bottom, work with your IT team to create a shortened or vanity URL that is simple and easy to remember.
 - E.g., [vote.state.gov/register](#) or [govote.state.gov](#)
- You can change the colors to better match your organization's branding. If you do so, be sure there's enough color contrast to make it accessible.
- This template uses the Noto Sans font family available through [Google Fonts](#). Noto Sans is a legible font with robust language support. If you cannot use Noto Sans, you can use a sans serif font like Calibri.
- Export the file as a PDF to get printed professionally.
