Re: Hart InterCivic, Inc. ECO-01679 Submitted for Approval

Dear Pam Geppert

The EAC has reviewed Engineering Change Order **ECO-01679**, including supporting documentation and analysis provided by the voting system test lab. This minor change which accommodates the End-of-Life (EOL) of the roller used for maintenance of the PageScan4 scanner mechanism does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:

Verity Voting 2.7

This correspondence is to inform you that Hart InterCivic, Inc. **ECO-01679** is approved.

Sincerely,

Frank Galizia
Field Services Specialist
U.S. Election Assistance Commission
