Re: Election Systems & Software, Inc (ES&S) ECO-1200 Submitted for Approval

Dear Timothy Hallett,

The EAC has reviewed Engineering Change Order **ECO-1200**, including supporting documentation and analysis provided by the voting system test lab. This minor change, the ExpressVote XL touchscreen firmware change, does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:

EVS 6.3.0.0
EVS 6.4.0.0
EVS 6.5.0.0
EVS 6.3.0.1
EVS 6.4.1.0

This correspondence is to inform you that Election Systems & Software, Inc (ES&S) **ECO-1200** is approved.

Sincerely,

Paul Aumayr
Senior Election Technology Specialist
U.S. Election Assistance Commission
