Re: Clear Ballot Group, Inc. ECO-COTS-CV25-2 Dell Pro Series Submitted for Approval

Dear Russ Dawson

The EAC has reviewed Engineering Change Order **ECO-COTS-CV25-2 Dell Pro Series**, including supporting documentation and analysis provided by the voting system test lab. This minor change added a Dell Pro 16 device as a COTS Design, Count, and ScanStation due to the Dell Latitude 5550 going end of life. This minor change does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:
ClearVote 2.5

This correspondence is to inform you that Clear Ballot Group, Inc. **ECO-COTS-CV25-2 Dell Pro Series** is approved.

Sincerely,

Thomas Freitag
Field Services Specialist
U.S. Election Assistance Commission
