Approval of Liberty Vote USA Inc. Frontier 1.0 Testing Application Package

Dear Vice President Giles,

We have completed the review of the application package for the Liberty Vote USA Inc. Frontier 1.0 voting system. The application was accepted and assigned the following unique application number: **LVU-Frontier1.0**.

Liberty Vote USA Inc. selected **Pro V&V** as the lead Voting System Test Laboratory (VSTL) for this testing engagement and testing will be conducted to the Voluntary Voting System Guidelines (VVSG) 2.0. If the system meets the criteria for a grant of certification, the system will be assigned the number "**LVU-Frontier1.0**" per your request on the application form.

I have assigned Roger Piha-Paul as project manager to oversee this testing engagement. The goal of the project manager is to facilitate the communication between the U.S. Election Assistance Commission (EAC) staff, manufacturer, and VSTL to optimize the efficiency of the certification process. The project manager will monitor the voting system throughout its life cycle in the certification program, and ensure the process meets the requirements of the certification program's manuals.

The contact information for this project manager is:

- Name: Roger Piha-Paul, Field Services Specialist
- Email: rpiha-paul@eac.gov
- Phone: (771) 210-9636

We encourage you to regularly visit www.eac.gov for the latest Notices of Clarification (NOC), Requests for Interpretation (RFI), news, program manuals, and updates. The information contained in the NOCs and RFIs is critical to understanding testing standards and program requirements. It is a manufacturer's responsibility to ensure they adhere to all procedural requirements of the program.

If you have any questions or need further information, please do not hesitate to contact us at your earliest convenience. Thank you in advance for your cooperation.

Sincerely,

Brooke Watters
Director, Testing and Certification
U.S. Election Assistance Commission
