**Re: Liberty Vote USA Inc. LVU-101133 Submitted for Approval**

Dear Victor Vasquez

The EAC has reviewed Engineering Change Order **LVU-101133**, including supporting documentation and analysis provided by the voting system test lab. The minor change adds a version of the Dell Pro 14 laptop, previously approved in ECO DVS-101080, that has no wireless communication hardware or software components to the voting systems and does not adversely affect the systems' reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:

- Democracy Suite 5.5-C
- Democracy Suite 5.5-D
- Democracy Suite 5.17
- Democracy Suite 5.5-B
- Democracy Suite 5.5
- Democracy Suite 5.5-A
- Democracy Suite 5.20

This correspondence is to inform you that Liberty Vote USA Inc. **LVU-101133** is approved.

Sincerely,

---
