ABOUT THE BALLOT VERIFIER

The Ballot Verifier allows members of the general public to enjoy access to every single cast ballot in every Ada County election as far back as 2022.

A Marked Improvement

Before this tool, members of the community were required to make public records requests to the Ada County Clerk's Office for election data. After submitting a request, you would have to wait multiple days and pay a fee to receive the information you were seeking. Now, the general public can view and download all cast ballots at any time, as well as run their own "tally count" simply by visiting this tool.

ABOUT THE ELECTION PROCESS

Transparent. Accurate. Documented.

Ada County Elections wants to make it easy for you to find out results from past elections, while also learning more about the overall election process. [Read more about how Ada County Elections operates each and every election to ensure integrity and availability.](#)

WIRED

After launching the Ballot Verifier Tool, Ada County instantly received national attention from WIRED Magazine, reaching millions of readers.

It's time to kiss the excuses not to vote goodbye 🗳️

After years of work to fend off election deniers, an Idaho county has now given those deniers exactly what they've been asking for: direct access to every single ballot that has been cast in Ada County elections since 2022.

IDAHO CAPITAL SUN

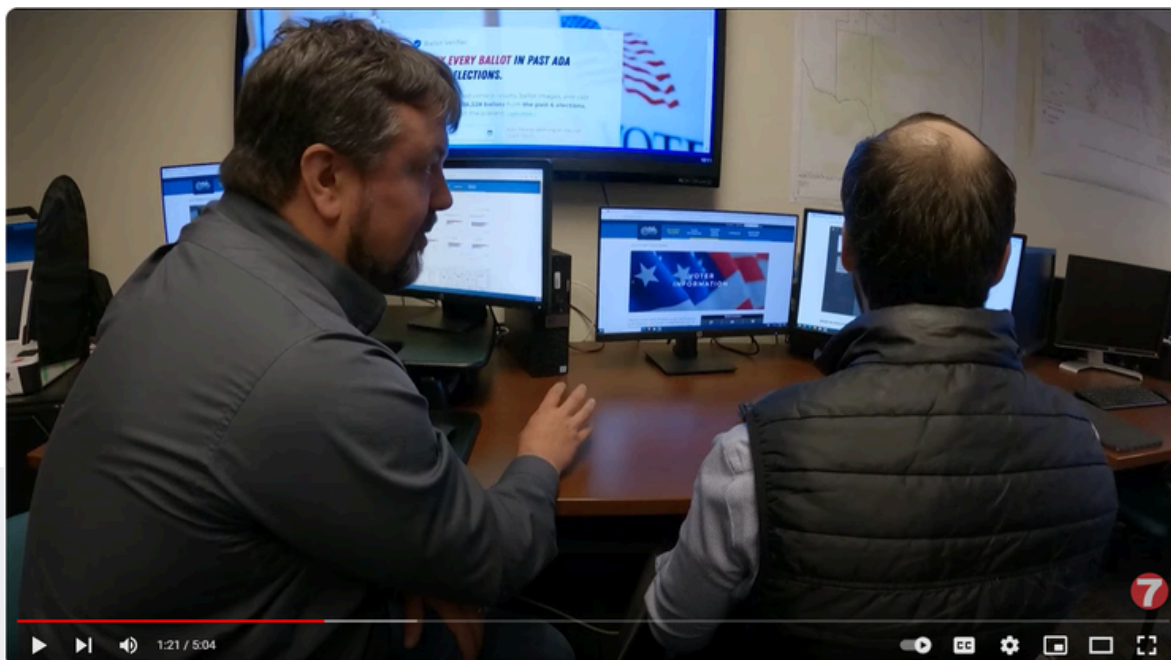

Ada County Elections received support on social media from the community and the Idaho Secretary of State.

"We want everyone to be able to trust in the election process. And this will provide some ultimate transparency into the ballots cast and how they were read," Seyler said.
