Re: Election Systems & Software, Inc (ES&S) ECO-1229 Submitted for Approval

Dear Sarah Herman

The EAC has reviewed Engineering Change Order **ECO-1229**, including supporting documentation and analysis provided by the voting system test lab. This minor change adds a new report to the Electionware EMS software which reports Cumulative Results by Vote Center. It does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:

EVS 6.5.0.0

This correspondence is to inform you that Election Systems & Software, Inc (ES&S) **ECO-1229** is approved.

Sincerely,

Brooke Watters
Director, Testing and Certification Program
U.S. Election Assistance Commission
