Re: Election Systems & Software, Inc (ES&S) ECO 1214 Submitted for Approval

Dear Chris Bruscano,

The EAC has reviewed Engineering Change Order (ECO) **ESS-1214**, including supporting documentation and analysis provided by the voting system test lab. This ECO introduces the Delkin BE04TRSJG-3N042-D 4GB CFast card as an approved COTS replacement under the VVSG Lifecycle Policy maintenance exception. This minor change does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:

EVS 6.3.0.0

EVS 6.2.0.0

This correspondence is to inform you that Election Systems & Software, Inc (ES&S) **ECO ESS-1214** is approved.

Sincerely,

Brooke Watters
Director of Testing and Certification
U.S. Election Assistance Commission
