**Re: MicroVote General Corp. ECN-141 Submitted for Approval**

Dear Bernie Hirsch

The EAC has reviewed Engineering Change Order **ECN-141**, including supporting documentation and analysis provided by the voting system test lab. This minor change to the end-of-life EMS laptop from a Dell Latitude 3550 to a Dell Latitude 5350 does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The systems impacted by this ECO are:  
MicroVote EMS 4.41

This correspondence is to inform you that MicroVote General Corp. **ECN-141** is approved.

Sincerely,

---

Brooke Watters  
Director, Voting System Testing and Certification  
U.S. Election Assistance Commission
