To Whom It May Concern:

This submission constitutes the State of California's Financial Status Report (SF 269) on expenditure of Help America Vote Act of 2002 (HAVA) Title II, Section 251 funds to meet HAVA Title III requirements for the federal 2005-06 fiscal year (October 1 to September 30).

California made the first of its Title II, Section 251 fund expenditures during this reporting period. Funds to reimburse local jurisdictions for allocable and allowable HAVA Title III requirements costs for voting system upgrades necessary to meet Section 301 voting system standards, and associated voter education and poll worker training costs were incorporated into contracts with California counties totaling \$195 million. Allocable and allowable costs associated with a statewide minimum requirements payment of approximately \$11.6 million, pursuant to EAC notification, were also incorporated into this contract.

Finally, pursuant to the state approval process, and a November 2, 2005 Memorandum of Agreement with the U.S. Department of Justice, California expended funds to implement a statewide voter registration database project to achieve compliance with Section 303 requirements.
