The State of Georgia initially acquired 19,015 DRE voting units, which allowed every registered voter in the State of Georgia the opportunity to cast a ballot in an equally accessible and uniform manner utilizing NASED qualified voting equipment.

This amount was transferred to the Office of the Treasury and Financial Service for the State of Georgia on July 23, 2004 for repayment to the State for the purchase of the statewide uniform voting system.

**B. DRE Voting Components. Sec 251(b)(1) and Sec 301(a). \$1,407,280.35**

**Title II Section 251 Matching Funds Expenditures. \$2,865,571**

Pursuant to Title II Section 253(b)(5) of HAVA, the State of Georgia has expended the following state funds towards the 5% match as required by the above referenced HAVA section and in accordance with the State HAVA Plan as published in the Federal Register in July 2003. These funds were expended in the following budget categories as set forth below:

**A. Statewide Uniform Electronic Voting Expenditures.**

As set forth in the State HAVA Plan, the State of Georgia continued its efforts in voter education, outreach, implementation and enhancement (maintenance) of the statewide uniform electronic voting system. Efforts also included continuing education and voting system training for county election officials. The State also provided support to the Center for Election Systems at Kennesaw State University in coordinating continued security and procedural enhancements necessary to conduct elections in the State of Georgia. The State of Georgia also implemented a ballot building program at the Center for Election Systems and provided instructional materials and election related supplies to all 159 counties for use during the 2004 federal, state, and local election cycle.
