Statewide Database—Sec. 101(b)(1)(A) and Sec. 303	<ul style="list-style-type: none"> Massachusetts first developed a statewide database of registered voters in response to the National Voter Registration Act. The Central Voter Registry (CVR) met most of the requirements of HAVA. However, certain features were modified or added to be fully compliant with HAVA. To improve the communication of the system, certain hardware and software was purchased. Additionally, development of new programming capabilities of the system has been a continuing project. 	<ul style="list-style-type: none"> The State Plan stated on page 33 that the CVR system would have to be modified to meet the HAVA mandates. The largest project, the connectivity with the RMV for verification of identification numbers, was recently completed.
