Report on HAVA, Title II, Section 251 Requirements Payments
Activity for the Period of October 1, 2004 through September 30, 2005**

ORIGINAL

In fiscal year 2005, the Michigan Department of State ("Department") expended \$12,158,491.33 in HAVA, Title II, Section 251 funds. This amount included \$607,924.62 funded by the State as part of the 5% State match. These funds were expended to purchase voting systems, comply with Title III requirements, educate voters, train election officials and perform other HAVA related activities. Following is a list of expenditures by category and descriptions of the activities funded to meet HAVA requirements and conform to Michigan's State Plan:

Voting System Purchases	\$11,977,690.88
--------------------------------	------------------------

The State has contracts with three vendors: Election Systems and Software, Inc. (ES&S), Diebold Election Systems, Inc., and Sequoia Voting Systems, Inc. to purchase optical scan voting systems. The following optical scan voting systems were purchased in accordance with Michigan's State Plan:

Vendor	Model of New Equipment Purchased	Quantity Purchased
Diebold	Accuvote – OS Optical Scan Precinct Tabulator	189
	Absentee Voter Counting Board Tabulator	7
ES&S	M100 Precinct Count Optical Scan Tabulator	1,785
	Absentee Voter Counting Board Tabulator	346
Sequoia	Insight Optech Precinct Count Optical Scan Tabulator	290
	Absentee Voter Counting Board Tabulator	22
Total Tabulators		2,639

If the voting system being replaced was formerly a punch card or mechanical lever machine, a portion of the cost (\$3,192.22/tabulator) was paid from HAVA Title I, Section 102 funds.

Complying with Title III Requirements	\$37,008.41
--	--------------------

In accordance with Michigan's State Plan, the Department took the following actions to comply with Title III requirements:

- **State Plan Objective:**

Exploration of the potential for providing Michigan's smaller jurisdictions with additional methods of electronically accessing the Qualified Voter File (QVF) system.

Description of the Activity Relating to the State Plan Objective:

The Department is creating a secondary version of the QVF system designed for municipalities that have fewer than 5,000 voters. This new system will allow the QVF to be extended to virtually any jurisdiction that meets minimum system specifications. The Department expects to complete the testing phase of this system in Spring 2006, allowing the system to become available in the Summer of 2006.

- **State Plan Objective:**

Use digitized signatures in the QVF database, which are already on the Department's driver's license file.

Description of the Activity Relating to the State Plan Objective:

The Department began a project to allow the QVF system to make use of digitized signatures maintained in the Department's license system. Using digitized signatures in the QVF will allow system users to easily verify signatures on absentee ballot applications and petitions. It will ultimately eliminate the need for most hardcopy voter registration applications. The Department has created a process to move approximately 7,000,000 signatures from the driver license system to the corresponding voter records in the QVF system. A gradual implementation will begin in 2006.

- **State Plan Objective:**

Development of a process that permits the QVF system to electronically remove voters who have not responded to notices pursuant to the National Voter Registration Act:

Description of the Activity Relating to the State Plan Objective:

The Department purchased a nationwide database of deceased individuals from the SSA. The records were purchased to match them against the QVF system to identify voters who may be deceased. This will improve the accuracy of the QVF database and help ensure the integrity of the electoral process. The Department will continue purchasing Social Security information to supplement and speed up the processes already in place to identify and cancel deceased voters.

- **State Plan Objective:**

Development of new capabilities that permit the Qualified Voter File (QVF) system to store the last four digits of a voter's social security number.

Description of the Activity Relating to the State Plan Objective:

The Department began enhancing the QVF system by enabling QVF to maintain the last four digits of the social security number for mail-in registrants. When this program is in place, mail-in registrants will be verified by matching the last four digits of their social security number against the Social Security Administration (SSA) database. Programming will be complete in fiscal year 2006.

Voter Education	\$93,162.85
------------------------	--------------------

In accordance with Michigan's State Plan, the Department took the following actions to educate voters:

- **State Plan Objective:**

Expand and improve upon the use of the Internet-based Voter Information Center and the voter instruction posters provided for display in the polls.

Description of the Activity Relating to the State Plan Objective:

The Department contracted with the Center for Geographic Information (CGI) to design the Michigan Voter Information Center (MVIC). MVIC is an easy to use, web-based source for a variety of information on Michigan elections and the State election process. This website allows people to find their election information quickly and easily. Visitors to the website can find requirements for voting in Michigan, Michigan election law, and links to other election-related information. For Michigan registered voters, this site provides registration status, the address of the voter's polling location, and a map to the polling site.

- **State Plan Objective:**

Develop educational outreach initiatives designed to instruct voters on the operation of the voting equipment selected for the implementation of Michigan's uniform voting system.

**Michigan Department of State
Report on HAVA, Title II, Section 251 Requirements Payments
Activity for the Period of October 1, 2004 through September 30, 2005**

Description of the Activity Relating to the State Plan Objective:

The Department produced and distributed a Michigan Votes Video that was created to educate the voting population on the utilization of the new optical scan voting systems, Michigan's uniform voting system.

- **State Plan Objective:**

Double the current efforts made to ensure that all voter outreach materials produced through the Department reflect and meet the needs of Michigan's diverse voting populations.

Description of the Activity Relating to the State Plan Objective:

The Department produced and distributed the following voter education items focused on educating and informing Michigan's diverse voting populations:

- Braille voting instructions to provide the blind community a more accessible voting experience.
- Voting procedure audio tapes to heighten the awareness and sensitivity of election workers to the special needs of elderly voters and voters with disabilities.
- A Voters Rights and Responsibilities video, palm cards and posters were created as outreach materials to inform voters of Michigan's procedures for registering and participating in elections.
- Voter registration forms were printed in a Spanish version.

Train Election Officials	\$1,515.41
---------------------------------	-------------------

In accordance with Michigan's State Plan, the Department took the following actions to train election officials:

- **State Plan Objective:**

Develop education programs designed to instruct election officials on the operation of the voting equipment selected for the implementation of Michigan's statewide, uniform voting system.
