IV. Analysis and Description

ACTIVITIES FUNDED BY THE OFFICE OF THE SECRETARY OF STATE TO MEET HAVA REQUIREMENTS AND HOW SUCH ACTIVITIES CONFORM TO THE SUBMITTED STATE PLAN

In 2005 the Office of the Secretary of State spent Title I monies on activities (1) to educate voters concerning voting procedures and voting rights; (2) to train election officials; and (3) to make lease payments for voting equipment.

1. EDUCATING VOTERS

Under Section 3 of the Rhode Island State Plan, the Office of the Secretary of State committed to improving its public outreach and education program in order to:

- i) Assure that voters are informed of their rights and receive proper and timely instructions on how to vote in accordance with HAVA requirements.*
- j) Improve voter education and information materials and delivery systems.*
- k) Motivate individuals to exercise their democratic responsibility to register and vote and to serve as poll workers.*
- l) Develop a comprehensive high school civic participation, voter education and voter registration program aimed at involving high school students in the electoral process and related civics projects.*

Rhode Island has developed an electronic voter registration system through our Division of Motor Vehicles (DMV) in conjunction with our statewide central voter registration system (CVRS). Rhode Island has spent Title I monies on signage in English and Spanish which has been placed at all DMV sites advising clients of their right and ability to register to vote at DMV sites while conducting other DMV business.

Rhode Island continues to conduct mock student elections and disseminate voter information and in 2005 specifically targeted those communities where municipal elections were held.

2. TRAINING ELECTION OFFICIALS

The Rhode Island State Plan, Section 3.2, requires that the Secretary of State provide training to Rhode Island election officials. The State Plan requires that the training be designed to ensure that election officials are well versed in all HAVA mandates, including the use of all voting equipment, CVRS, registration requirements, provisional voting, voting by mail ballot, voting on Election day and all related applicable state and federal laws.

As part of this training, elections officials from the Office of the Secretary of State have attended national conferences and participated in the CERA Program offered through the national Election Center. Additionally, the Office of the Secretary of State has conducted training seminars with local election officials.

3. LEASING OPTICAL SCAN EQUIPMENT

Section 6 of the State Plan discusses Rhode Island's HAVA budget. The Rhode Island Department of Administration and the General Assembly have indicated that the annual payments for our current optical scan precinct count voting system and full service contract are to be made from Title I HAVA funds.
