Mr. Edgardo Cortés, Election Research Specialist  
U.S. Election Assistance Commission  
Suite 1100  
1225 New York Ave, N.W.  
Washington, DC 20005

Dear Mr. Cortés:

As requested, enclosed please find amended reports on the State of Vermont's use of funds awarded under the Help America Vote Act of 2002 (HAVA). Included are reports for

- Title I, Section 101, for calendar year 2004
- Title I, Section 101, for calendar year 2005
- Title II, Section 251, for fiscal year 2004
- Title II, Section 251, for fiscal year 2005.

We note that, like several other states, we did not interpret HAVA as requiring that the appropriated State match on Section 251 funds be deposited into a separate interest-bearing account from the onset. Given that the EAC's Inspector General has issued audit findings to the contrary in at least one instance, and on your advice, in our amended Section 251 reports we have calculated and reported the interest earnings that would have accrued on the State match had that match been deposited into the same interest-bearing account at the same time as the federal funds were. Those calculations demonstrate that we are on track to complete the spending of our required State match (including interest earned) by the end of fiscal year 2006 and will, in fact, have spent substantially more State dollars than required by fiscal year 2006 year-end.

We are sending electronic copies of the enclosed reports to you via e-mail for your convenience. We believe the reports contain all required information, but if you have questions, please feel free to contact me. Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Daley".

Director of Administrative Services

### Federal Spending

During the reporting period, Vermont spent no HAVA Section 251 funds. HAVA spending to date has been from section 101 funds.

### Interest earned on federal dollars

The \$11,596,803 in Section 251 funds were received at the end of June 2004 and so were on deposit for only three months of the reporting period. During that time, the federal funds earned interest of **\$18,680.30**, or a computed rate of .00161081 ( $18,680.30 / 11,596,803.00 = .00161081$ ).

### State spending

State spending for elections administration during the reporting period totaled \$403,987.87. All spending was for eligible HAVA activities for the purpose of improving elections for federal office.

State spending represents the operating cost of the Elections Division. The division protects the integrity of campaigning and elections in Vermont; facilitates the access of all citizens to elections, governmental activities, and public issues; provides administration and support for the orderly conduct of elections, including making recommendations for improvements to the process (both technological and policy); provides responsive and accurate information and advice to citizens, public officials, and the press on elections.

The required annual maintenance of effort amount is \$150,000.00. Subtracting MOE from total state spending equals \$253,987.87 ( $403,987.87 - 150,000.00 = 253,987.87$ ). This amount is reported as "recipient share" of Section 251 spending for the period.

### State match

The HAVA state match requirement is:

"... an amount equal to 5 percent of the total amount to be spent for such activities (taking into account the requirements payment and the amount spent by the State)"

Requirements payment:	\$ 11,596,803.00
	<u>÷ .95</u>
Total spending:	\$ 12,207,161.05
Less requirements payment:	\$ <u>- 11,596,803.00</u>
State match required:	\$ 610,358.05

### Interest earned on State match

Because the appropriated State matching funds were not placed in a separate interest-bearing account, we have computed the amount of interest that would have been earned during the reporting period had the State matching funds been deposited in the same interest-bearing account and at the same time as the federal funds. In that case, the State match would have earned **\$983.17** ( $610,358.05 \times .00161081$ , the computed rate of interest earned on the federal funds). The total available State match during the reporting period, then would have been \$610,358.05 plus \$983.17 in interest, or \$611,341.22.

### Remaining match requirement

Total available State match:	\$ 611,341.22
State match spent this period:	\$ - 253,987.87 (corrected figure)
Remaining match requirement:	\$ 357,353.35

Vermont's current fiscal year budget has appropriated continued funding for state match.
