Washington State Narrative Report
Calendar year January 1 - December 31, 2006
Analysis and description of activities

Washington State received \$6,098,449.00 under Title I, Section 101 of the Help America Vote Act. In accordance with HAVA and our State plan, the following activities have been funded:

1. **HAVA Administration** – In order to efficiently administer HAVA, \$134,118 was spent on HAVA Administration for the following:
 - wages and benefits for the HAVA Coordinator
 - wages and benefits for the HAVA Assistant, hired in June, 2005
 - office supplies for the administration of HAVA;
 - training, conferences and travel for the HAVA coordinator;
 - equipment and phone bills; and
 - administration of the HAVA Grant Advisory Board.
2. **Educating voters concerning voting procedures, voting rights, and voting technology** – In accordance with section 3 and 4(c) of the State Plan, \$538,736 was spent on education voters in Washington State.

\$331,970 of the \$538,736 was paid to counties through the county grant process to realize local voter education and outreach efforts. This allowed the counties to customize education efforts specific to the equipment and procedures at the local level.

The remaining \$206,766 was spent at the state level on voter education programs. A majority of these costs were associated with a substantial voter education campaign for 2005.

Please note an adjustment of -\$734,310 was made against the charges under this category, resulting in a net expenditure of -\$195,574. Expenditures in the amount of \$734,310 were inadvertently charged to Section 101 for CY06 that should have been charged to Section 251. The correction was not made until calendar year 2007.

3. **Educating college students concerning voting procedures, voting rights, and voting technology** – In accordance with section 4(c) of the State Plan, \$55,248 was spent under our College Civics Committee program. This was a

start-up program funded at the state level to engage and educate voters on college campuses throughout Washington State.

4. **Improving the accessibility and quantity of polling places, including providing physical access for individuals with disabilities** - In accordance with section 3, 5 and 7 of the State Plan, \$95,765 was spent on ensuring equal access to poll sites for individuals with disabilities.
 - Through the county grant program, King County utilized these funds to survey, evaluate and categorize poll sites into different accessibility groups, and review and make recommendations for polling place assignments.
 - Mason County was able to improve poll site accessibility for individuals with disabilities.
5. **Improving the administration of elections for Federal office** - In accordance with section 3 of the State Plan, \$1,943,428 was paid to counties via the county grant process. Funds under this category were spent on the following:

6. **Training election officials, poll workers, and election volunteers** – In accordance with Section 3 and 4 (a) of the State Plan, \$27,844 was spent training election officials at the state level. Additional funds were used through the grant program at the county level.
7. **Interest** – During this reporting period, \$32,173 was earned in interest.
8. **Other** – All Section 101 funds were expended by September 2006. As stated above, this report reflects an adjustment of -\$729,285 of expenditures charged to Section 101 for calendar year 06 that should have been charged to Section 251.
9. **Final Report** - This will be the last reporting period for Section 101 funds. While the adjustment for the \$734,310 was made in calendar year 2007, the total cumulative reported under this section is inclusive of the federal award plus interest.
