

U. S. ELECTION ASSISTANCE COMMISSION
1201 New York Avenue, NW, Suite 300
Washington, DC. 20005

June 24, 2013

Dear Reader:

We are pleased to provide you with the 2011-2012 *Impact of the National Voter Registration Act of 1993 on the Administration of Elections for Federal Office (NVRA)* report. In order for EAC to meet its responsibility to submit the NVRA report to Congress by the June 30 statutory deadline, EAC is issuing this document with the information that would be contained in a formally adopted report.

Please note that while EAC commissioners are required to approve a biennial report with recommendations, this document does not include recommendations. Currently, there are no commissioners; therefore no vote of formal adoption can be taken. It is the Commission's intention to consider this report with recommendations once a quorum has been reestablished.

We hope you will find the voter registration information in this report to be both interesting and useful. For more information or for additional copies of the report, please contact us at 202-566-3114.

Sincerely,

A handwritten signature in blue ink, appearing to read "Alice P. Miller".
