

## U.S. ELECTION ASSISTANCE COMMISSION

### 2010 Election Administration & Voting Survey

Iowa

## Statutory Overview

In order to better understand state laws governing federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. These answers will help EAC to better understand the quantitative data relating to the 2010 general election that we are collecting from all U.S. states and territories.

EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

## SECTION B: VOTER REGISTRATION

**B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)**

An Iowa voter becomes inactive when:

- An acknowledgment mailed to the registrant is returned undeliverable. **Code of Iowa, Ch. 48A.26 (6).**

- An absentee ballot is returned as undeliverable. **Iowa Admin. Code 821-2.14**

- A voter record shows no activity for two (2) successive General Elections and a mailed confirmation is returned as undeliverable, or the mailed confirmation is returned with information stating a change in the person living at the address. **Code of Iowa, Ch. 48A.27**

The process is the same for all domestic voters in the voter registration database, including UOCAVA.

For UOCAVA voters **Iowa Admin. Code 721-21.320(g)(1)** applies.

1. When an absentee ballot for a UOCAVA voter is returned undeliverable by the **UPSPSPS** or an e-mail server or a fax cannot be transmitted to the number provided by the voter, the commissioner shall do the following:

1. Verify that the commissioner's office sent the absentee ballot to the address, E-mail address or fax number requested by the UOCAVA voter...

2. If the absentee ballot was sent to the correct mailing address, E-mail address or fax number the commissioner shall E-mail the voter...if on file...that the voter's ballot was undeliverable and the commissioner must be provided with a new FPCA containing a new mailing address if the voter wishes to continue to receive absentee ballots.

3. If the absentee ballot was sent to the correct mailing address, E-mail address, or fax number, the commission shall also attempt to contact the voter by sending a forwardable notice to both the voter's residential address and the voter's absentee mailing address informing the voter that the voter's ballot was returned undeliverable, and the commissioner must be provided with a new FPCA containing a new mailing address, E-mail address, or fax number...

4. If the absentee ballot was mailed, E-mailed or sent to the correct address or fax number the commissioner shall terminate the voter's current FPCA and shall not send the voter any further ballot unless a new absentee ballot request is received from the voter.

Overview: UOCAVA voters will not become "inactive" their requested absentee delivery address, E-mail address or fax number will simply be terminated.

Domestic Voters-voters will be moved from inactive to active status when they update their voter registration or vote in an election (after showing ID to the appropriate election official) or requesting an absentee ballot **Iowa Admin. Code 721-21.4**. ID requirements for inactive voters appearing to vote can be found in **Iowa Administrative Admin. Code 721-21.3**.

County auditors will match their lists against the Iowa Dept. of Transportation's list for verification purposes. Although this is not a "live match" the master file is downloaded once a week from the IDOT's secure FTP site in a text file format. The file is then loaded into the state's database and matched with existing voter registration information. We follow a similar procedure with the Iowa State Health Department for the purposes of identifying deceased persons.

Formatted: Font: Not Bold

~~Yes, we do match against the Iowa Department of Transportation (IDOT) for verification purposes, however this is not a live match. We import a master file once a week, which is a text file that is exported from IDOT to a secure ftp site. We then load the file into our database and match all of the voter registration information against the table we created from the IDOT export. At this time we aren't linked to any other databases. **2008 Response:**

**Iowa Admin. Code 821-9 National Change of Address Program**

Formatted: Font: Bold

Iowa contracts annually with a NCOA vendor. An exported list of all registered voters in Iowa is matched with the vendor's files and the matches are then imported back into the state's Voter Registration Database for processing.

Records indicating the voter's new and old addresses are within the county are updated and the status of the voter is unchanged. These voters will receive a mailing at their new address informing them that their address has been updated. A postage paid card is also included in the event that the voter needs to correct an error.

For records indicating that the voter's NCOA address is in a different county or state than the original address, the voter's status will be changed to inactive and mailings will be sent to

~~both the old and new addresses~~ letting them know that NCOA has indicated that they have moved will need to register in their new county or state. This mailing will also include a postage paid card to respond if the voter needs to correct an error.

Overall, our experience is that the NCOA process can be valuable for cleaning up our files.

~~The state contracts annually with an NCOA vendor. We export a list of all of the registered voters in the State of Iowa and get an NCOA vendor to match the list with their file. The file of matches is then imported back into our Voter Registration Database for processing.~~

Formatted: Highlight

~~For the records in which both the voter's new and old addresses are within the county, the address on the record is updated and the status of the voter is unchanged. Those individuals receive a mailing at both addresses letting them know that we have changed the address on their record to the NCOA address and we include a postage paid return card if the voter finds an error.~~

~~For records that the NCOA address is in a different county or state than the original address, the status is changed to inactive and cards are mailed to both addresses letting them know that NCOA has indicated they have moved to a new address and they need to re-register in their new county or state. This mailing also includes a postage paid card to respond if this is an error.~~

~~Our experience is that the NCOA process is somewhat valuable in cleaning up our files. However, Iowa law requires that the confirmation cards be sent to both a voter's new and old address, which seems a waste of postage and labor in preparing the cards, only to have them returned. It is something we hope to change legislatively, to mirror NVRA requirements. Voters are confused by the mailings, and many of the cards for the changed addresses are returned undeliverable or not returned at all. Another issue is that the NCOA databases keep a "move" record for 18 months, meaning we identify the same records with the same addresses two years in a row in a lot of cases. It is a very costly process, compared to the benefit received. Since Iowa now has Election Day Registration, it would seem that we should be exempt, as are other states that had EDR prior to NVRA.~~

A convicted felon cannot vote in the State of Iowa until his/her rights have been restored. This is an automated process that takes place once the Department of Corrections has released the individual from supervision.
