

U.S. ELECTION ASSISTANCE COMMISSION

2010 Election Administration & Voting Survey

District of Columbia

Statutory Overview

In order to better understand state laws governing federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

SECTION B: VOTER REGISTRATION

B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)

B2. Please describe the process used in your state to move voters from the active list to the inactive list, and from the inactive list to the active list. Is a different process used for UOCAVA voters?

 No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (B2) below this line.]

In January of each odd-numbered year, the Board shall confirm the residence address of each registered voter who did not confirm his or her address through the voting process or file a change of address at the polls in the preceding general election by mailing a first class non-forwardable canvass postcard to the residence address listed on the Board's records.

If the Postal Service returns the postcard and provides a new address for the registrant that is within the District of Columbia, the Board shall change the address on its records accordingly and then mail to both old and new addresses a forwardable notice advising the registrant that their address in the voter records has been changed to reflect the Postal Service information.

If the Postal Service returns the postcard as undeliverable and provides a new address for the registrant outside the District of Columbia, the Board shall mail a forwardable notice to both the old and new address, informing the registrant how to register to vote in their new jurisdiction or correct the address information obtained from the Postal Service.

If the Postal Service returns the postcard to the Board as undeliverable and indicates that no new address is available, the Board shall mail to the registrant at his or her last known address the forwardable notice specified in § 518.3.

The forwardable notices issued to registrants whose initial non-forwardable mailings were returned by the Postal Service shall include a pre-addressed and postage- paid return notification postcard to enable the registrant to confirm or correct any address information obtained from the Postal Service.

Upon mailing of the forwardable notice to any registrant whose initial mailing the Postal Service returned as undeliverable, either with a new address outside the District or an indication that no new address was available, the Board shall designate the registrant's voter registration status as inactive on the voter roll, effective on the date of the mailing of the notice.

Where a registered voter who has been designated inactive on the voter roll provides the Board with a current residence address, or votes in any election, prior to the day following the second general election for federal office occurring thereafter, the inactive designation shall be removed from the registrant's record.

NO. The process is not different for UOCAVA voters.

[End response to above question (B2) above this line.]

B3. Please describe your state's process for removing voters from the voter registration rolls (not merely moving them from active to inactive). Please include information regarding notices and confirmations. Are these procedures the same for UOCAVA voters?

__X__ No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (B3) below this line.]

Where a registered voter who has been designated inactive on the voter roll fails to respond to the forwardable notice and fails to vote during the period beginning on the date the notice was mailed and ending on the day after the second subsequent general election for federal office, the registrant's name shall be removed from the voter roll.

YES. The procedures are the same for UOCAVA voters.

[End response to above question (B3) above this line.]

B4. Can your state's voter registration database (or equivalent) share information electronically with your state's drivers license agency (for example, to match records or trace changes in address)? Can your voter registration database be similarly linked with databases in any other state or federal agencies? Please describe these links, including any use of database matching to verify voter registration applications.

 No Change Since 2008 X Changed Since 2008

2008 Response:

 X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (B5) below this line.]

The Board may utilize information obtained from the National Change of Address System (NCOA), which identifies registrants who have moved from the addresses listed on the Board's records.

If the Board learns that a registered voter has changed his or her residence address and has failed to inform the Board, in writing, of his or her current residence address, the registrant shall be mailed a non-forwardable notice, to the address listed on the voter roll.

[End response to above question (B5) above this line.]

B6. Please describe your state's voting eligibility requirements as they relate to individuals with a felony conviction. (For example, are convicted felons allowed to vote while in prison or while on parole or probation? Are voting rights automatically restored or does the individual have to apply for a pardon, certificate of eligibility or other similar certificate? Does an individual whose voting rights have been restored have to produce documentation of his/her status when registering to vote?)

 X No Change Since 2008 Changed Since 2008

2008 Response:

 No Change Since 2008 X Changed Since 2008

2008 Response:

E2. The Military and Overseas Voter Empowerment Act (MOVE) was signed into law on October 22, 2009. The MOVE Act contains, among other things, provisions regarding States' methods of communication with UOCAVA voters and UOCAVA ballot transmission.

Please describe your State's processes and procedures for implementing MOVE (including any changes in your State's laws or regulations) as they relate to:

- **Protecting the security and integrity of the voter registration and ballot application process, the privacy and personal information of the voter, and absentee ballots. (Sect. 577, 578)**
- **Designating a means of electronic communication for all voting-related materials to UOCAVA voters. (Sect. 577)**
- **Establishing a ballot tracking mechanism to allow voters to determine whether their ballots were received by the appropriate election official. (Sect. 580(d))**

Also, please describe your State's plans to capture data related to the number of registration applications, ballot applications, and blank ballots transmitted to UOCAVA voters via mail and electronic means (Internet, email, fax) *and* the number of registration applications, ballot applications, and completed ballots returned by UOCAVA voters via mail and electronic means (Internet, email, fax).

This question was not asked in 2008. Please provide your answer below.

BOEE has been permitted under the Code of the District of Columbia to transmit ballots electronically to UOCAVA voters so no change in law was needed. BOEE is launching its Digital Vote by Mail pilot application that will allow UOCAVA voters to download, and optionally, mark and upload their ballots digitally. Digital Vote by Mail

preserves a voter's secrecy by encrypting ballot PDF's until the BOEE accepts the eligibility of the voter and then destroys the link between voter and ballot once the ballot is decrypted into viewable, printable form.

BOEE also will provide printed ballots, mailed to all UOCAVA voters and still permits the transmission and return of ballots via email and fax.

BOEE publishes or links to all required voting related materials on its website www.dcboee.org

BOEE allows all absentee voters, including UOCAVA voters, to track the status of their absentee ballots.

BOEE does not separately track voter registration forms from UOCAVA voters or means of transmission of voter registration forms.

E3. Please add any additional comments or information about your state's election administration processes that would help to inform the EAC's interpretation of your data.
