

U.S. ELECTION ASSISTANCE COMMISSION

2010 Election Administration & Voting Survey

Pennsylvania

Statutory Overview

In order to better understand state laws governing federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. These answers will help EAC to better understand the quantitative data relating to the 2010 general election that we are collecting from all U.S. states and territories.

EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

SECTION A: GENERAL

A1. How does your state define the following terms related to votes and ballots? Please provide your state's legal citation defining these terms, where applicable.

a. Over-vote

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (a) below this line.]

Though the term "over-vote" is not explicitly defined in the Pennsylvania Election Code (Election Code), it is understood to refer to the act of voting for more candidates than one is entitled to vote for in a specific office. The Election Code does require that electronic voting systems prevent voters from over-voting. See 25 P.S. §§ 3031.7(7) and 3031.7(16)(iv).

[End definition (a) above this line.]

b. Under-vote

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (b) below this line.]

This term is also not explicitly defined in the Election Code, but it is generally understood to refer to the act of failing to vote for all offices and/or for all candidates within a given office. To ensure that each voter is notified when he or she is about to cast an under-vote, the Secretary of the Commonwealth's voting system examination process verifies that each voting system approved for use in the Commonwealth includes functionality that will identify prior to a voter recording his or her vote the offices which the voter has under-voted.

[End definition (b) above this line.]

c. Blank ballot

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (c) below this line.]

The term "Blank Ballot" is not defined in the Election Code.

[End definition (c) above this line.]

d. Void/Spoiled ballot

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (d) below this line.]

A spoiled ballot is defined as a ballot on which a voter has made a mistake. At any time prior to casting the ballot, a voter who spoils his or her ballot may return it and secure another ballot. Such returned ballots are marked “spoiled” and are placed in a separate envelope marked “Spoiled Ballots.” See 25 P.S. § 3031.12(b)(5).

[End definition (d) above this line.]

e. Provisional/Challenged ballot

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (e) below this line.]

The term “provisional ballot” means a ballot issued to an individual who claims to be properly registered and eligible to vote at the election district but whose name does not appear on the district register (poll book). See 25 P.S. §§ 3050(a.4)(1) and 3050(a.4)(12).

[End definition (e) above this line.]

f. Absentee

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (f) below this line.]

Though the general term “Absentee” is not defined by the Election Code, the definition of the term “Qualified Absentee Elector” includes the following:

A person who is or may be in the military service of the United States;

A spouse or dependent residing with or accompanying a person in the military service of the United States and who expects on Election Day to be absent from the municipality;

A member of the Merchant Marine and his/her spouse and dependents residing with or accompanying the Merchant Marine, who expect on Election Day to be absent from the municipality;

A member of a religious or welfare group attached to and serving with the armed forces and his/her spouse and dependents residing with or accompanying him or her, who expect on Election Day to be absent the municipality;

An individual who, because of the elector's duties, occupation or business (including leaves of absence for teaching, vacations and sabbatical leaves), expects on Election Day to be absent from the municipality;

A qualified war veteran elector, who is bedridden or hospitalized due to illness or physical disability, if the elector is absent from the municipality;

A person, who because of illness or physical disability, is unable to attend his/her polling place or to operate a voting machine and obtain assistance by distinct and audible statements;

A spouse or dependent accompanying a person employed by the Commonwealth or the federal government, in the event that the employee's duties, occupation or business on Election Day require him/her to be absent;

A county employee who expects that his Election Day duties relating to the conduct of the election will prevent the employee from voting; and

A person who will not attend a polling place on Election Day because of the observance of a religious holiday.

See 25 P.S. § 2602(w).

[End definition (f) above this line.]

g. Early voting

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (g) below this line.]

Early voting is not authorized in the Commonwealth of Pennsylvania

[End definition (g) above this line.]

h. Active Voter

 X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (h) below this line.]

Though the term is not explicitly defined in the Commonwealth's voter registration law, it is understood that it references a voter whose registration record remains active by virtue of the fact that the voter has not requested cancellation of his or her record, has not moved out of state, or has not failed to respond to one of the list maintenance notices required by the Commonwealth's voter registration law. See section B3 of this survey for information regarding list maintenance notices.

[End definition (h) above this line.]

i. Inactive Voter

 X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin definition (i) below this line.]

A voter in "inactive" status is a voter who has failed to respond to one of the list maintenance notices described in the following paragraph. The voter's record will remain in "inactive" status until the voter updates his or her registration record or through two general elections for federal office, at which point the county may cancel the voter's registration record. See 25 Pa.C.S. §§ 1901(c) & (d).

[End definition (i) above this line.]

j. Other terms (please specify) _____

2008 Response:

[Identify each TERM and definition separately and begin below this line.]

[End TERM(s) and definition(s) above this line.]

A2. Please provide the legal citation for any *significant* changes to election laws or procedures that have been enacted or adopted since the previous Federal election.

“Significant” does not include routine or technical changes (such as changes to election district boundaries or polling place changes). However, EAC would like to learn about any new identification requirements for voters or registrants; changes in eligibility for voting or registering; adoption of alternative voting methods; and other changes that you believe represent a significant change in the way your state runs its elections.

☐ No Change Since 2008 ☒ Changed Since 2008

2008 Response:

[Begin response to above question (A2) below this line.]

There have been no substantive statutory changes since the last federal election.

2010 Response:

25 P.S. § 2624 was amended in the Election Code in Act 20 of 2009, to extend the current Standards for What Constitutes a Vote to the 2009 and 2010 elections.

NAACP v. Cortés, No. 08-5048 (E.D.Pa. 2008). On October 29, 2008, Judge C. J. Bartle, of the U.S. District Court for the Eastern District of Pennsylvania, issued an opinion granting the plaintiffs’ motion for a preliminary injunction and preliminarily enjoined the Secretary to direct all county boards of elections to use paper ballots when 50% of the electronic voting machines in a precinct are inoperable. The Secretary of the Commonwealth issued such a directive to all counties prior to the 2008 General Election.

[End response to above question (A2) above this line.]

SECTION B: VOTER REGISTRATION

B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (B1) below this line.]

Top-down

[End response to above question (B1) above this line.]

If your state uses a bottom-up or hybrid system, how often do local jurisdictions transmit registration information to the state list?

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above clarification question to B1 below this line.]

Not applicable.

[End response to above clarification question to B1 above this line.]

B2. Please describe the process used in your state to move voters from the active list to the inactive list, and from the inactive list to the active list. Is a different process used for UOCAVA voters?

| X No Change Since 2008 (just added citation) Changed Since 2008

2008 Response:

[Begin response to above question (B2) below this line.]

A voter's record is moved from "active" status to "inactive" status if the voter has failed to respond to one of the list maintenance notices described in Section B3. The voter's record will remain in "inactive" status until the voter updates his or her registration record or through two general elections for federal office. 25 Pa.C.S. §§ 1901 (c) and (d).

If an “inactive” voter updates his or her record, the voter’s record will be placed in “active” status. If an “inactive” voter does not update his or her record or otherwise respond to the list maintenance notice, the voter’s record will be cancelled on the day after the date of the second general election for federal office that occurs after the date of the notice.

Pennsylvania’s registration laws are not entirely relevant to certain UOCAVA voters. UOCAVA voters in military service are entitled to vote by absentee ballot, irrespective of whether such military voters are registered and enrolled at the time of application for an absentee ballot. An overseas civilian who no longer resides in the Commonwealth, though not qualified to register or vote for state offices, is entitled under UOCAVA to vote for federal offices from the voter’s last known residence address.

[End response to above question (B2) above this line.]

B3. Please describe your state’s process for removing voters from the voter registration rolls (not merely moving them from active to inactive). Please include information regarding notices and confirmations. Are these procedures the same for UOCAVA voters?

| X No Change Since 2008 (added citation) Changed Since 2008

2008 Response:

[Begin response to above question (B3) below this line.]

In accordance with the federal NVRA and the Election Code, a voter’s registration record cannot be cancelled unless the voter: requests cancellation in writing; has confirmed that the voter moved out of the county; is deceased; or has been in “inactive” status through two general elections for federal office as a result of failure to respond to one of the list maintenance notices described in the following paragraph.

Each county registration commission is required to conduct list maintenance at least once per year no later than 90 days prior to the November election. The primary list maintenance tools are The National Change of Address (NCOA) program, the Confirmation Mailing and the “Five Year Notice” program. The “Five Year Notice” program must be conducted in conjunction with either the NCOA or Confirmation Mailing program. 25 Pa.C.S. § 1901.

The procedures are different for certain UOCAVA voters due to the special registration rules for military voters, which are described in section B2.

[End response to above question (B3) above this line.]

B4. Can your state’s voter registration database (or equivalent) share information electronically with your state’s drivers license agency (for example, to match records or trace changes in address)? Can your voter registration database be similarly linked with databases in any other state or federal agencies? Please describe these links, including any use of database matching to verify voter registration applications.

| **X** No Change Since 2008 _____ Changed Since 2008

2008 Response:

[Begin response to above question (B4) below this line.]

Yes. The Commonwealth's voter registration database is designed to share information with the Department of Transportation for the purpose of verifying driver's license numbers provided on registration applications and for the purpose of receiving data from the Department of Transportation regarding new applicants and applicants whose address or name has changed.

[End response to above question (B4) above this line.]

B5. Please describe how your state uses National Change of Address (NCOA). What has been your state's experience with NCOA?

| **X** No Change Since 2008 **(just added parenthetical)** _____ Changed Since 2008

2008 Response:

[Begin response to above question (B5) below this line.]

The Department of State uses the services of a vendor to perform a match of the voter registration records contained in the statewide registration database for the Commonwealth's 67 counties with change of address records provided by the U.S. Postal Service (USPS) as part of the National Change of Address (NCOA) program. The information is then incorporated into the SURE ([Statewide Uniform Registry of Elections](#)) system and forwarded to the county voter registration commissions for processing. See 25 Pa.C.S. § 1901(b)(1).

The mechanics of the NCOA process incorporated in the state registry have worked well in recent years. The data provided from the NCOA match is provided to the counties in batches, which enables the counties to more efficiently process notifications for voters whose address appears to have changed. However, the Department of State has received complaints from many counties relative to the accuracy of data contained in the NCOA lists. For example, some individuals show up on the NCOA list inadvertently because another registered voter within the same household has moved.

[End response to above question (B5) above this line.]

B6. Please describe your state's voting eligibility requirements as they relate to individuals with a felony conviction. (For example, are convicted felons allowed to vote while in prison or while on parole or probation? Are voting rights automatically restored or does the individual have to apply for a pardon, certificate of eligibility or other similar certificate? Does an individual whose voting rights have been restored have to produce documentation of his/her status when registering to vote?)

| X No Change Since 2008 (Just added citations) Changed Since 2008

2008 Response:

[Begin response to above question (B6) below this line.]

The Commonwealth Court of Pennsylvania ruled on December 26, 2000 that the Pennsylvania law prohibiting convicted felons from registering to vote for five years after their release from prison is unconstitutional. Mixon v. Commonwealth, 759 A.2d 442 (Pa. Commw. Ct. 2000). Consequently, if completing an older version of the Voter Registration Mail Application (VRMA) form, a convicted felon who has been released from prison may make application to register to vote by striking through the felony conviction line at Section 9(2) on the VRMA and signing his or her name.

Convicted felons who are incarcerated on the date of a primary or general election are not eligible to vote, regardless of whether they are registered. 25 P.S. § 3146.1. However, pre-trial detainees and misdemeanants are eligible to register to vote and/or to vote by absentee ballot if they otherwise qualify to vote under law. See 1974 Op. Atty. Gen. No. 47

[End response to above question (B6) above this line.]

B7. Does your state currently use the Internet in any way to facilitate voter registration? If yes, please describe how your state allows voters to use the Internet in the registration process (e.g., entire registration completed online; completed online but then must be printed, signed, and mailed by voter, etc.).

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (B7) below this line.]

Currently, the Commonwealth's voting website (www.votespa.com) enables individuals to complete a registration form online. However, the registration form must be printed, the registration declaration on the form must be signed and the form must be returned to the county registration office in order for the registration to be approved. See 25 Pa.C.S. § 1324(a).

SECTION C: ELECTION ADMINISTRATION

C1. Please describe how all votes cast at a place other than the voter's precinct of registration are tabulated (for example, please include descriptions of such votes as absentee ballots, mail-in ballots, votes cast at vote centers, provisional ballots, early voting locations, etc.).

a. Are the votes counted centrally or at the precincts?

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (a) below this line.]

Votes may be counted either at the precinct or centrally, depending upon the type of voting system used by the county. See 25 P.S. §§ 3031.7(16) and (17).

[End response to above question (a) above this line.]

b. If centrally tabulated, are the votes redirected to the appropriate precinct for reporting in the canvass?

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (b) below this line.]

If votes are tabulated centrally, the county board of elections must, no later than 5:00 PM on the second day following the election, post in the precinct the results from the precinct. See 25 P.S. § 3031.13(i).

[End response to above question (b) above this line.]

c. Are the absentee, mail, etc., votes reported separately for each precinct, or are they added to the in-precinct results and reported as just a single number?

| X No Change Since 2008 Changed Since 2008

2008 Response:

[Begin response to above question (c) below this line.]

Absentee vote totals are canvassed separately from other votes. Though the vote totals from absentee ballots are included in the aggregate precinct totals, a record of only the absentee vote totals is maintained. See 25 P.S. § 3146.8(a).

[End response to above question (c) above this line.]

d. How are UOCAVA ballots counted and reported?

| **X** **No Change Since 2008** **Changed Since 2008**

2008 Response:

[Begin response to above question (d) below this line.]

UOCAVA ballots are counted and reported in the same manner as other absentee ballots, if they are received no later than the deadline for the return of absentee ballots from domestic civilian absentee voters.

Any UOCAVA ballots received after the domestic civilian absentee deadline but before the deadline for the return of absentee ballots from military and overseas voters (7th day after the election) are canvassed at the county on the 8th day after the election, provided that the ballots have been postmarked no later than the day prior to the election. See 25 P.S. § 3146.8(g).

[End response to above question (d) above this line.]

C2. Does your state require a reason for voting absentee, or does your state allow no-excuse absentee voting? (If a reason is required, please provide the legal citation.)

A reason is required for voting absentee. See 25 P.S. § 3146.1.

[End response to above question (C2) above this line.]

C3. Does your state provide for in-person early voting? If so, how is early voting defined? When early voting is used, are the ballots counted at the precinct or at a central location? How are these votes reported?

| **X** **No Change Since 2008** **Changed Since 2008**

2008 Response:

The Election Code does not authorize in-person early voting.

C5. Please list each of the situations that require a provisional ballot in your state. Please provide the relevant legal citation for each situation.

2008 Response:

[Begin response to above question (C5) below this line.]

A voter has the right to vote by provisional ballot if:

The voter's name does not appear on the district register (poll book) and Election Officials cannot determine the voter's registration status;

The voter does not have an approved form of identification the first time he or she appears to vote in the precinct (this is required regardless of whether your name appears on the general register); or

An Election Official asserts that the voter is not eligible to vote. (In a primary election, this includes voters who claim to be registered for a particular political party, but the district register indicates they are registered as a member of another political party.)

See 25 Pa.C.S. § 3050(a.4)(1).

A voter is required to vote by provisional ballot if:

The voter is voting as a result of a federal or state court order; or

The voter is voting as a result of an order extending the time established for closing the polls by state law that is in effect 10 days before an election.

| **42 U.S.C. § 15482(c).**

[End response to above question (C5) above this line.]

C6. Does your state count provisional ballots of voters who are registered in different precincts, or are those ballots automatically rejected? Please describe the process used by local election officials in determining whether to count a provisional ballot.

| X No Change Since 2008 _____ Changed Since 2008

2008 Response:

[Begin response to above question (C6) below this line.]

A provisional ballot is counted partially if the county board of elections determines that the provisional voter was qualified to vote in the county, but not within the precinct where the voter appeared to vote. In this situation the ballot is counted only for those offices common to both the voter's correct precinct of residence and the precinct where the voter appeared to vote. See 25 P.S. § 3050(a.4)(7)(i).

[End response to above question (C6) above this line.]

As part of the computation and canvass of returns, each county board of elections must conduct a statistical recount of a random sample of at least two percent (2%) of the ballots cast or two thousand (2,000) ballots, whichever number is fewer. See 25 P.S. § 3031.17.

[End response to above question (C7) above this line.]

C8. Please describe any state requirements for poll worker training.

_____ No Change Since 2008 _____ Changed Since 2008

2008 Response:

[Begin response to above question (C8) below this line.]

It is the authority and duty of the various county boards of elections to instruct their respective poll workers. See 25 P.S. § 2642(g). To aid the county board of elections in administering this duty, the Pennsylvania Department of State has developed a voluntary poll worker training program.

In accordance with the Help America Vote Act, “first-time” voters who registered by mail must provide a form of identification at the time of registration or at the time of voting. If such a voter registered by mail and is voting for the first time in his or her precinct via absentee ballot, the voter must provide a copy of a form of identification at the time of registration, at the time the voter requests the absentee ballot or at the time the voter returns the absentee ballot. 2008 Response:

The Election Code provides for the appointment of "overseers" and "watchers."

Overseers are appointed by the court of common pleas on the petition of five or more registered voters of a precinct setting forth that such appointment is necessary to preserve the integrity of the election process within the precinct. Overseers are given more statutory authority than watchers because their purpose is to secure the purity and fairness of the election. See 25 P.S. § 2685.

Watchers may be appointed by political parties and/or candidates for the purpose of observing the activities at a polling location. See 25 P.S. § 2687.

E2. The Military and Overseas Voter Empowerment Act (MOVE) was signed into law on October 22, 2009. The MOVE Act contains, among other things, provisions regarding States' methods of communication with UOCAVA voters and UOCAVA ballot transmission.

Please describe your State's processes and procedures for implementing MOVE (including any changes in your State's laws or regulations) as they relate to:

- Protecting the security and integrity of the voter registration and ballot application process, the privacy and personal information of the voter, and absentee ballots. (Sect. 577, 578)
- Designating a means of electronic communication for all voting-related materials to UOCAVA voters. (Sect. 577)
- Establishing a ballot tracking mechanism to allow voters to determine whether their ballots were received by the appropriate election official. (Sect. 580(d))

Also, please describe your State's plans to capture data related to the number of registration applications, ballot applications, and blank ballots transmitted to UOCAVA voters via mail and electronic means (Internet, email, fax) *and* the number of registration applications, ballot applications, and completed ballots returned by UOCAVA voters via mail and electronic means (Internet, email, fax).

This question was not asked in 2008. Please provide your answer below.

Though no changes were made to Pennsylvania's laws or regulations relative to implementation of the MOVE Act requirements, the Pennsylvania Department of State (PA DOS) began developing shortly after enactment of MOVE the necessary functionality within the Statewide Uniform Registry of Electors (SURE) systems to enable PA DOS and the various county election offices to comply with the mandates of MOVE.

At a high level, the MOVE-related SURE functionality enables voters covered by UOCAVA to request and receive the relevant blank absentee ballot and registration forms through two auto-reply email accounts. PA DOS also created a third email account through which UOCAVA voters could submit questions or requests for assistance. The MOVE-related SURE functionality also enables the various county election offices to process absentee ballot requests from UOCAVA voters who have requested that a blank absentee ballot be transmitted to them electronically; and, it enables the various county election offices to upload official blank ballots to the SURE Public Portal website, at which point such ballots are available for download by approved UOCAVA voters. As provided by Pennsylvania law, completed applications can be submitted to the county election office via mail or “facsimile method.” See 25 P.S. § 3146.2(c).

The PA DOS has interpreted the term “facsimile” to be inclusive of fax and/or email.

Upon receiving and entering into SURE the information provided by the UOCAVA voter on her completed absentee ballot application, including email address, if applicable, the county election official must select whether the applicant has requested ballot delivery by mail or by email. If the county election official enters an email address into the application, but selects a ballot delivery method of “mail,” the county election official is prompted to verify that she has selected the correct ballot delivery method.

Once the absentee ballot application is processed, it can then be confirmed by the county election officer, at which time an email is generated and transmitted to the UOCAVA voter. The email includes a unique “Correspondence ID” number, and appropriate links and explicit instructions necessary for the voter to access her ballot via the SURE Public Portal website. To ensure the security and integrity of the absentee ballot delivery process, the PA DOS utilizes the Commonwealth’s secure PA Login functionality, which requires voters to create a unique user ID and password to access the SURE Public Portal website. In addition to the secure login process, the voter is asked to provide the “Correspondence ID” that was transmitted to her in the email to ensure that she is linked correctly to her absentee ballot. Once the voter has logged into the SURE Public Portal website, she may either download her blank ballot, along with instructions and an envelope template, or check the status of her absentee application and/or ballot.

* The information collection associated with the Election Administration and Voting Survey is required for the EAC to meet its statutory requirements under the Help America Vote Act (HAVA) of 2002 (42 U.S.C. 15301), the National Voter Registration Act (NVRA) (42 U.S.C. 1973gg-1 et seq.), and the Uniformed and Overseas Citizens Absentee Voters Act (UOCAVA) (42 U.S.C. 1973ff-1). Respondent's obligation to reply to this information collection is mandatory as required under NVRA (42 U.S.C. 1973gg-1 et seq.) and UOCAVA (42 U.S.C. 1973ff-1). This part of the information collection is being requested to help the EAC to better understand state laws governing federal elections. Respondents include the fifty states, the District of Columbia, and the U.S. Territories. This information will be made publicly available on the EAC website (www.eac.gov). According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is OMB Control No. 3265-0006 (expires 5/31/2013). The time required to complete this information collection is estimated to average 59 hours per state response. This estimate includes the time for reviewing the instructions, gathering information, and completing the form. Comments regarding this burden estimate should be sent the U.S. Election Assistance Commission – 2010 Election Administration and Voting Survey, 1201 New York Avenue, Suite 300, Washington, DC 20005.
