

# U.S. ELECTION ASSISTANCE COMMISSION

## *2010 Election Administration & Voting Survey*

### South Carolina

## *Statutory Overview*

In order to better understand state laws governing federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. These answers will help EAC to better understand the quantitative data relating to the 2010 general election that we are collecting from all U.S. states and territories.

EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

## DIRECTIONS AND EXAMPLE

Please provide your state's legal citation for the responses to these questions (where applicable). Prior to beginning the Statutory Overview, please ensure that "track changes" is turned on; this will provide a record of all changes that are made including insertions, deletions, and formatting changes. To turn on track changes hold down "Control" and "Shift" and "E" at the same time. For additional assistance in working with "track changes" please contact your Technical Assistance point of contact at ICF International.

We have provided you with your answers to the 2008 Statutory Overview. If there has not been a change in your State's laws or legal citation in the response to a question, please mark No Change Since 2008 with an "X" as shown below:

X No Change Since 2008

If the response has changed since 2008, please mark Changed Since 2008 with an "X" and modify the answer as needed using track changes. If you need to replace the entire answer, please delete the 2008 response and record your 2010 response between the red bracketed text lines, as described below.

X Changed Since 2008

Please answer each question to the best of your ability. If terms are ambiguous or not relevant, please explain why. If a question is not applicable to your state, please explain why. If a definition or term lacks statutory reference but is widely understood in practice, please explain. If election procedures vary at the local level within your state, please explain to the best of your ability.

If state laws are currently enjoined or otherwise blocked from enforcement by a state or federal court, or executive decision, please specify.

Please keep your responses between the red, bracketed text lines. This will help us extract your answers into our central database.

## SECTION B: VOTER REGISTRATION

**B1. Is your state's voter registration database system best described as a bottom-up, a top-down, or a hybrid? (Note: A bottom-up system generally uploads information retained at the local level and compiled at regular intervals to form the statewide voter registration list. A top-down system is hosted on a single, central platform/mainframe and is generally maintained by the state with information supplied by local jurisdictions. A hybrid is some combination of both systems described above.)**

☒ **No Change Since 2008**      ☐ **Changed Since 2008**

**2008 Response:**

[Begin response to above question (B1) below this line.]

Top-down system.

[End response to above question (B1) above this line.]

**If your state uses a bottom-up or hybrid system, how often do local jurisdictions transmit registration information to the state list?**

☐ **No Change Since 2008**      ☒ **Changed Since 2008**

**2008 Response:**

[Begin response to above clarification question to B1 below this line.]

N.A.

[End response to above clarification question to B1 above this line.]

**B2. Please describe the process used in your state to move voters from the active list to the inactive list, and from the inactive list to the active list. Is a different process used for UOCAVA voters?**

☒ **No Change Since 2008**      ☐ **Changed Since 2008**

**2008 Response:**

[Begin response to above question (B2) below this line.]

Voters are placed on inactive status only by the State office.

Convictions are made inactive based on a match with a file we receive from the State and Federal courts. The file is compared to the statewide database and voters receive a letter that they were placed on inactive status and what steps they need to take to re-register.

Deaths are placed on inactive status based on a file from Vital Statistics. The file is matched on full SSN, birthdate, and Name (same for convictions).

Voters who move are placed on inactive status based on returned mail or information we receive from county offices or the voter.

Written requests are when voters send a written request to be removed.

Confirmation mailings – voters who do not respond to the mailing are placed on inactive status for failure to respond to the mailing.

All removals are made at the state level and the process is the same for UOCAVA.

[End response to above question (B2) above this line.]

**B3. Please describe your state's process for removing voters from the voter registration rolls (not merely moving them from active to inactive). Please include information regarding notices and confirmations. Are these procedures the same for UOCAVA voters?**

\_\_X\_\_ No Change Since 2008      \_\_\_\_\_ Changed Since 2008

**2008 Response:**

[Begin response to above question (B3) below this line.]

A purge is done once per year. Moves and conviction status voters are purged every 2 years. Deaths are purged every year. Confirmation mailing voters are purged after 2 consecutive general elections.

[End response to above question (B3) above this line.]

**B4. Can your state's voter registration database (or equivalent) share information electronically with your state's drivers license agency (for example, to match records or trace changes in address)? Can your voter registration database be similarly linked with databases in any other state or federal agencies? Please describe these links, including any use of database matching to verify voter registration applications.**

\_\_X\_\_ No Change Since 2008      \_\_\_\_\_ Changed Since 2008

**2008 Response:**

[Begin response to above question (B4) below this line.]

The database can be used to match records at DMV but we do not currently do so. We receive electronic records from DMV and other agencies of new registrants only.

[End response to above question (B4) above this line.]

**B5. Please describe how your state uses National Change of Address (NCOA). What has been your state's experience with NCOA?**

We do not currently use the NCOA.

[End response to above question (B5) above this line.]

**B6. Please describe your state's voting eligibility requirements as they relate to individuals with a felony conviction. (For example, are convicted felons allowed to vote while in prison or while on parole or probation? Are voting rights automatically restored or does the individual have to apply for a pardon, certificate of eligibility or other similar certificate? Does an individual whose voting rights have been restored have to produce documentation of his/her status when registering to vote?)**

☒ No Change Since 2008      ☐ Changed Since 2008

**2008 Response:**

[Begin response to above question (B6) below this line.]

Any person who is convicted of a felony or an offense against the election laws is not qualified to register or to vote, unless the disqualification has been removed by service of the sentence, unless sooner pardoned. Service of sentence includes completion of any prison/jail time, probation, parole, and payment of restitution. Felons must re-apply for registration. The law does not require proof of service of sentence, but does require the person to be qualified. A voter registration board may require proof of service of sentence in some situations.

[End response to above question (B6) above this line.]

**B7. Does your state currently use the Internet in any way to facilitate voter registration? If yes, please describe how your state allows voters to use the Internet in the registration process (e.g., entire registration completed online; completed online but then must be printed, signed, and mailed by voter, etc.).**

☐ No Change Since 2008      ☒ Changed Since 2008

**2008 Response:**

[Begin response to above question (B7) below this line.]

The voter registration application is available online at scvotes.org, where it can be printed, completed, and mailed, faxed, or emailed to the voter's county voter registration office.

[End response to above question (B7) above this line.]

  X   No Change Since 2008             Changed Since 2008

**2008 Response:**

[Begin response to above question (D3) below this line.]

Watchers:

Each candidate in a primary election, or a non-partisan or announced write-in candidate in a general election, may appoint one watcher at a time for any voting place where this candidate's name is on the ballot. However, in any general or special election, all candidates of the same

political party shall be jointly represented at any one polling place by not more than 2 watchers for each 1,000 registered voters or fraction thereof registered at such polling place. (7-13-860)

Observers:

Since elections are public functions, individuals representing organizations or themselves may observe the election process. These observers may stay inside the polling place if they do not talk to voters or interfere with the election process. Because of a polling place size, observers may be limited in number. Observers, as with anyone inside the polling place, may not display any type of campaign literature including a badge or item of clothing. Observers must conduct themselves in an orderly manner. Observers who are disorderly or unruly may be removed from the polling place (*Section 7-13-140*).

**Please describe your State's processes and procedures for implementing MOVE (including any changes in your State's laws or regulations) as they relate to:**

- **Protecting the security and integrity of the voter registration and ballot application process, the privacy and personal information of the voter, and absentee ballots. (Sect. 577, 578)**
- **Designating a means of electronic communication for all voting-related materials to UOCAVA voters. (Sect. 577)**
- **Establishing a ballot tracking mechanism to allow voters to determine whether their ballots were received by the appropriate election official. (Sect. 580(d))**

**Also, please describe your State's plans to capture data related to the number of registration applications, ballot applications, and blank ballots transmitted to UOCAVA voters via mail and electronic means (Internet, email, fax) *and* the number of registration applications, ballot applications, and completed ballots returned by UOCAVA voters via mail and electronic means (Internet, email, fax).**

**This question was not asked in 2008. Please provide your answer below.**

[Begin response to above question (E2) below this line.]

- Only the voter may access their personal information via the Internet. All UOCAVA voters will be directed to FVAP website to complete the FPCA form for absentee ballot request. A UOCAVA Absentee Voting guide has been written, and distributed to all counties, which outlines proper procedures for sending and accepting ballots for UOCAVA voters via email and FAX. Instructions include strict procedures for security such as deleting the email after an email ballot has been printed and stored in

a secure envelope. Then, the email is also deleted from the administrator's "deleted" box.

- The UOCAVA voter will designate their means of electronic communication on the FPCA form. All UOCAVA voters are directed to the FVAP website to download the form for use as an absentee ballot request.
- A tool on SCVotes.org allows the voter to input their name, birth date, and last four SSN to determine the status of their absentee ballot. Status includes application requested date, ballot delivery date, and ballot returned date.

Data related to the number of registration applications, ballot applications, and blank ballots transmitted to UOCAVA voters via mail and electronic *and* the number of registration applications, ballot applications, and completed ballots returned by UOCAVA voters via mail and electronic means *will be captured manually in spreadsheet format.*

\* The information collection associated with the Election Administration and Voting Survey is required for the EAC to meet its statutory requirements under the Help America Vote Act (HAVA) of 2002 (42 U.S.C. 15301), the National Voter Registration Act (NVRA) (42 U.S.C. 1973gg-1 et seq.), and the Uniformed and Overseas Citizens Absentee Voters Act (UOCAVA) (42 U.S.C. 1973ff-1). Respondent's obligation to reply to this information collection is mandatory as required under NVRA (42 U.S.C. 1973gg-1 et seq.) and UOCAVA (42 U.S.C. 1973ff-1). This part of the information collection is being requested to help the EAC to better understand state laws governing federal elections. Respondents include the fifty states, the District of Columbia, and the U.S. Territories. This information will be made publicly available on the EAC website ([www.eac.gov](http://www.eac.gov)). According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is OMB Control No. 3265-0006 (expires 5/31/2013). The time required to complete this information collection is estimated to average 59 hours per state response. This estimate includes the time for reviewing the instructions, gathering information, and completing the form. Comments regarding this burden estimate should be sent the U.S. Election Assistance Commission – 2010 Election Administration and Voting Survey, 1201 New York Avenue, Suite 300, Washington, DC 20005.
