2016 Election Administration & Voting Survey

Statutory Overview

In order to better understand state laws governing Federal elections, the U.S. Election Assistance Commission, as part of its biennial Election Administration and Voting Survey, is collecting information on state election laws and procedures. EAC understands that responding to this Statutory Overview may require significant staff time on the part of your office. Please be assured that we have attempted to minimize the burden, and we appreciate your cooperation in this very important project.

As appropriate, please provide your state's legal citation for the responses to the questions beginning on the following page.

Please answer each question to the best of your ability. If a term or concept is ambiguous, please explain why. If a question is not applicable to your state, please explain why. If a definition or term lacks statutory reference in your state but is widely used in practice, please explain. If election procedures vary at the local level within your state, please explain these variations to the best of your ability.

The Statutory Overview data collection document has two columns below each question.

- On the left, we have provided you with the answer your state provided for the 2014 Statutory Overview. If there has not been a change in your state's laws or legal citation in the response to a question, please mark the box labeled **No Change since 2014** at the top of the left column.
- If the response has changed since 2014 – or your state has not answered this question previously for some reason— please mark the box labeled **Changed since 2014** at the top of the right column and then provide the new answer in the text box provided. If your response is too long to fit in the box, please make a note in the text box and place your response in the “Notes” page at the end of the document.
