Re: ECO-194

Dear Mr. Dawson,

The EAC has reviewed Engineering Change Order (ECO-194), including supporting documentation and analysis provided by the voting system test lab. This minor change to the technical data package of the specified system does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

This correspondence is to inform you that ECO-194 is approved.

Sincerely,

Sean Pumphrey
Election Technology Specialist, Testing & Certification
