Re: Clear Ballot Group, Inc. COTS-117 Submitted for Approval

Dear Rosemary Fedorchak,

The EAC has reviewed Engineering Change Order ECO-COTS-117, including supporting documentation and analysis provided by the voting system test lab. This minor change updating the Dell server due to end-of-life does not alter the system's reliability, functionality, capability, or operation. Based on the information provided, it has been determined that no further testing is necessary.

The ECO impacts the following systems:
ClearVote 2.3

This correspondence is to inform you that Clear Ballot Group, Inc. ECO-COTS-117 is approved.

Sincerely,

Brooke Watters
Sr. Election Technology Specialist, U.S. Election Assistance Commission
