

**Manufacturer:** Clear Ballot Group (CBG)**System:** ClearVote 1.6, 2.0, 2.1, 2.1.5, and 2.2 (ClearDesign DesignStation and ClearCount CountStation and ScanStation components)**ECO Number:** CBG-ECO-22-1**ECO Description:** Dell Latitude 5511 Laptop End-of-Life Replacement Component**Overview:**

Added Dell Latitude 5521 Laptop as a ClearDesign DesignStation, ClearCount CountStation, and ClearCount ScanStation component due to the Dell Latitude 5511 Laptop going end-of-life.

This change affects the following ClearVote systems:

EAC-certified systems: 2.0 and 2.2

State-level system: 1.6, 2.1, and 2.1.5

02 - Dell Latitude 5521_CBG ECO Request Form - CBG-ECO-22-1.v2.pdf (*CBG ECO Request Form*)

03 - Dell Latitude 5511 Specification Sheet.pdf (*current component specification sheet*)

04 - Dell Latitude 5521 Specification Sheet.pdf (*replacement component specification sheet*)

05 - Dell Latitude 5521 Comparison to Dell Latitude 5511.pdf (*product comparison chart*)

06 - Dell Latitude 5521 COTS Product Compliance (*replacement component compliance sheets*)

07 - Final CBG TERs for the Dell Latitude 5521 Laptop (*CBG test cases and test results*)

Engineering Recommendation:

Technical Documentation Review performed for recommendation. CBG submitted test cases and test results documenting successful component acceptance testing on each referenced ClearVote System. Based on the submitted test results, Pro V&V determined change should not adversely affect system reliability, functionality, capability, or operation. Additionally, replacement component is comparable to current component in form, fit, and function.

Pro V&V recommends the replacement component be approved for use as requested with no additional testing required.

Engineering Analysis: De Minimis – No additional testing required**Reviewer:**
