Nelson Hastings, Ph.D.
Senior Advisor for Voting Standards
Information Technology Laboratory
National Institute of Standards and Technology
Gaithersburg MD 20899
301-975-5237

Nelson Hastings is the Technical Lead of the NIST Voting Program at the National Institute of Standards and Technology. As the Technical Lead of the NIST Voting Program, he works closely with the Senior Advisor for Voting Standards, Belinda Collins, to ensure that the technical activities of the voting program result in the critical voting standards identified in legislation including the Help America Vote Act. He previously [led](#) the computer security aspects of the NIST Voting Program. As part of the Computer Security Division in the Information Technology Laboratory at NIST, he has previously worked in the areas of public key infrastructure and the cryptographic module validation program.

Dr. Hastings received his Ph.D. in computer engineering from Iowa State University, M.S. in electrical engineering from Western Michigan University, and B.S. degrees in electrical engineering and computer engineering from the University of Missouri-Columbia.
