Your polling place is in an area with an expected high turnout. Please be advised that your wait time could be 30 minutes or higher during peak voting times, which are from 7 a.m. to 9 a.m., and 5 p.m. to 8 p.m.

Please Note: Poll site wait times are approximate and are not an actual representation. Calculated estimates are based on historical turnout in your precinct. Many factors can effect voter turnout and you are encouraged to vote during off-peak hours (9:00 a.m. to 4 p.m.). Heavy turnout can increase these estimated wait times. If you are concerned about waiting in line to vote you are encouraged to exercise one of the other options available to voters, such as vote-by mail (deadline to request a vote-by-mail ballot is June 18, 2013).
