Arizona's 2019 HAVA Election Security Grant Narrative Report Federal Fiscal Year 2019

The State of Arizona was awarded \$7,463,675 under the 2018 HAVA Election Security Grant program to be expended in accordance with the requirements of Title I Section 101 of the Help America Vote Act (HAVA) of 2002 (P.L. 107-252). The State will continue using the grant funds for authorized expenditures as outlined in HAVA to:

1. Replace voting equipment that only records a voter's intent electronically with equipment that utilizes a voter verified paper record;
2. Implement a post-election audit system that provides a high level of confidence in the accuracy of the final vote tally;
3. Upgrade election related computer systems to address cyber vulnerabilities identified through Department of Homeland Security, or similar scans or assessments of, existing election systems;
4. Facilitate cybersecurity training for the state chief election official's office and local election officials;
5. Implement established cybersecurity best practices for election systems; and
6. Fund other activities that will improve the security of elections for Federal office.

For the reporting period October 1, 2018 – September 30, 2019, the State expended funds provided under this grant for the following:

- \$2,389,970 for the previous and current Statewide Voter Registration Systems.
- \$62,456 for other HAVA related projects and personnel costs for employees overseeing the Statewide Voter Registration System project and the HAVA coordinator for the agency.

The Arizona Secretary of State's Office (SOS) continues its commitment to ensure election security, integrity and transparency. The SOS has worked diligently to make sure all HAVA expenditures meet federal guidelines. In June 2019, the SOS received approval for its HAVA spending plan from the State's Joint Legislative Budget Committee (JLBC) to allocate funding to our 15 counties through sub-grants and for security fortification and training, the voter registration system and communications to educate voters and promote election information. The SOS will continue working with JLBC for the appropriation of the State's HAVA match.

Continuously, the SOS administration is working on: (1) providing sub-grants to the counties to address their elections security needs, as they apply for funding; (2) implementing the State's elections security plan and working with the individual counties to provide security fortification assessments to address their needs; and (3) ensuring the protection of voters' information through the State's new voter registration system.

Instructions: In column C, please enter the total 2019 federal + federal interest expenditures in each listed budget category. Do not include any state expenditures.
