4. Progress and Narrative

10. Describe in detail what happened during this reporting period and explain how you implemented the approved grant activities.

The American Samoa Election Office saw many improvements during this reporting period. The Voter Registration System was not upgraded but improved with an extra layer of security and a greater storage capacity to prevent database overload thus causing the system to operate slower than normal. Four new workstations were installed for Voter Registration and better equipment such as ID cameras, signature pads and printers were upgraded. Extensive research was also conducted during this reporting period as to the implementation of the major phases that will take place in the full upgrade of the Voter Registration System. A specialized team of IT personnel were hired to conduct the assessment of the phases required to upgrade a full upgrade of the Voter Registration System without interruption to the Election Office's daily operation. Additional Personnel were contracted for a more secure and efficient election operation. Positions such as Security personnel and Outreach Specialists. Additionally, the latter part of the fiscal year of this reporting period observed a great many changes that the election operation needed to adapt to. Disabled Voters Assistance Initiative and the Outreach programs were still implemented in compliance with the American Samoa Governor's proclamation in the midst of Covid-19. Travel was suspended but the online training and zoom sessions that were available required additional purchases such as computer installments for cameras, headphones/speakers and microphones; all attachments that proved useful in the success of preparing for the 2020 General Election, and more importantly keeping American Samoa updated with the election related happenings in the United States. An increase in the broadband of our office's Internet speed was also required and upgraded for the purpose of staying in communication with our off-island correspondents without major connectivity interruptions. In conclusion, the American Samoa Election Office is grateful to the EAC for affording us the opportunity to not only improve but take more steps into progressing our operations for conducting secure and thorough elections in future.

January-October: Major preparations for the election were underway. The Outreach program started in late January and continued throughout October. The Disabled Voting Assistance Initiative started in February and continued through October. From the start of the reporting period up until the end of the reporting period, upgrades and improvements were made to the Voter Registration system as previously described. All these activities met and exceeded the goals set forth in the program narrative, beyond the satisfaction of the territory's leaders and the American Samoa Election Office.
