Final reports should cover the entire performance period from the start of the grant. Additional guidance can be found on our website: <https://www.eac.gov/payments-and-grants/financial-progress-reporting>

EAC grants reports will be made publicly available. Therefore, your report narrative should:

- * Be written in clear, concise, and plain language
- * Not include sensitive confidential information

6. Describe in detail what happened during this reporting period and explain how you implemented the approved grant activities in accordance with your State Plan/Program Narrative. (Note: Your activities should align with your category expenditures in Section IV and you may use those categories as headings in your response as applicable.)

Check if no activity during this reporting period.

Funds were used to pay for fees associated with voter registration equipment purchased with grant funding. Funds were also used to improve Guam's online voter registration and motor voter registration processes, specifically in communicating with new registrants after voter registration applications are processed. Funds were also used to address physical security vulnerabilities in the transport and storage of early voting ballots, such as the installation of a secured access point for the ballot vault and an alarm system for the election office. Funds spent under the training category of expenditures were used to renew GEC's membership with the Council on Governmental Ethics Laws--an entity through which GEC staff receive training on campaign finance.

7. Provide a description of any training conducted, including security training.

Check if no training was conducted during this reporting period.

8. Report on the number and type of articles of voting equipment obtained with the funds. Include the amount expended on the expenditure chart.

Check if no voting equipment purchased during this reporting period.

9. Subgrants (if applicable)

Check if no subgrants were made during this reporting period.

Describe the activities carried out by your subgrantees during the reporting period.

Section Section III: Challenges and Changes

12. Issues Encountered

Check if no major issues encountered during this reporting period.

Describe how and whether the issues were resolved. Also, briefly discuss the implications of any unresolved issues or concerns.

13. Describe any significant changes to your program during the reporting period, including changes to your original State Plan/Program Narrative or favorable developments that improved program efficiency and/or service delivery.

Check if no significant changes were made during this reporting period.

Guam's absentee voting laws were changed prior to the 2022 election cycle to allow for no excuse in-office absentee voting for a period of 30 days before each election. Because the Guam Election office was not big enough to accommodate in-office absentee voting, local funds were used to lease an early voting site and grant funding was used to address physical security vulnerabilities in the transport and storage of early voting ballots, such as the installation of a secured access point for the ballot vault and an alarm system for the election office. Guam's State Plan and Program Narrative will be updated prior to the 2024 election cycle to align more closely to the changes in Guam election laws.

Section IV: Expenditures

14. Fill out the table below with both the Federal and State Match expenditures for the current reporting period. Include federal and state interest expenditures and write-in any cost areas that do not fit into the predefined program categories. Subaward expense totals identified in section #10 should also be populated and roll into the appropriate expense categories for #14. If you do not have expenses for a particular category please populate the field with \$0.00 Total expenses will automatically calculate. Please verify totals prior to submission.

Expenditures should be consistent with the activities described in your narrative and with the amounts in your financial reports. (EAC uses the difference between your current and previous period FFR to calculate current period expenditures).
