## 4. Progress and Narrative

---

**7. Describe in detail what happened during this reporting period and explain how you implemented the approved grant activities in accordance with your State Plan/Program Narrative. (Note: Your activities should align with your Grant Cost Categories Table.)**

Due to state guidelines and regulations regarding Request for Proposals, the department has not yet secured a contract for the procurement of a new electronic voting system; therefore, no expenditures have been made during the reporting period ending March 31, 2022.

**8. Describe any significant changes to your program during the project, including changes to your original State Plan/Program Narrative or favorable developments that improved program efficiency and/or service delivery.**

While the timeline of our Program Narrative has changed due to a delay in securing a contract for the procurement of a new voting system, the objectives presented in the project narratives are still valid. The RFP was released on January 27, 2021. However, the department withdrew the RFP on March 3, 2021, after questions arose regarding the applicability of Direct Recording Electronic (DRE) voting machine technology and how it impacts the level of competition for the solicitation.

Currently, the department is working with the Louisiana Legislature to help clarify these matters of law and ensure the citizens of LA receive the highest level of competition in this important procurement.

**9. Issues Encountered:**

**Describe all major issues that arose during the implementation of the project and the reasons why established goals were not met, if applicable. Address each issue separately and describe whether and how the issues were resolved. Also, briefly discuss the implications of any unresolved issues or concerns.**

The only major issue the department has experienced is securing a contract for the procurement of a new voting system. As mentioned above, the department is working through this process, and we expect progress soon.
