*Both State and Federal expenditures show a decrease because the Agency received Coronavirus Relief Funds in October 2020. Some of the charges that hit in September 2020 to the grant qualified to be moved to Coronavirus Relief Fund and the Agency has been utilizing those funds during the pandemic and have not acquired new expenditures during this period.

*During this period we accrued a Federal interest of -$251.91 on line 10l.

4. Progress and Narrative

8. Describe in detail what happened during this reporting period and explain how you implemented the approved grant activities.

   During this reporting period the State Board of Elections continued to maintain and develop the Voter Registration System (VRS) platform in order to sustain the integrity and security of the election system and processes. The Agency received Coronavirus Relief Funds from the Department of Treasury in October 2020 which resulted in some expenses that were incurred in September 2020, during the previous reporting period, were eligible to be moved to Coronavirus Relief Funding.
This caused a negative total of expenditures at this time for both Federal and State.

Positive expenditures did occur for the IT staff, data storage measures, and for the maintenance and support for epoll books but with the movement to Coronavirus Relief Fund the cumulative amount of the expenditures during this time were negative.

The State Board of Elections hopes to have extra Agency funding at the end of our Fiscal Year due to the relief funds that have been distributed to the Agency during the pandemic. The Agency hopes to conserve some of our Federal Funding that we will incur in the second half of the yearly reporting period to utilize these State funds to apply towards our State Match total.
