Reporting Requirements

EAC requires all grantees to submit both a financial report using the standard federal financial report form - SF425 - and a narrative progress report.

EAC requires the following systems to electronically submit your reports:
• The Payment Management System (PMS) for the FFR
• Alchemer for progress reports
Due Dates

Progress Reports should cover the current reporting period *only*. However, Final Progress Reports cover the entire life of the grant.

<table>
<thead>
<tr>
<th>Report</th>
<th>Due Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Semi-Annual</td>
<td>Period ending March 31 - due <strong>April 30</strong></td>
</tr>
<tr>
<td>Annual</td>
<td>Period ending September 30 - due <strong>December 29</strong></td>
</tr>
</tbody>
</table>

CARES reports* cover the entire period of performance.

* EAC expects states that have not yet submitted final CARES reports to submit finals for the annual reporting period. The due date for final reports for this reporting cycle is the same as annual reports: December 29, 2021. Pre-notify EAC if you are ready to submit your final for CARES or any other EAC grant.
Submission Instructions

Financial data for the FFR is submitted through PMS.

Progress Reports are submitted through Alchemer. EAC has provided the login information for each state for Alchemer via email.

EAC will not accept reports via email. All reports must be submitted electronically.

States must submit separate reports for each individual grant from EAC.

- **101**: Only if you have an open and active grant.
- **251**: Only if you have an open and active grant.
- **Election Security**: One report for the single grant with both years of funding.
- **CARES**: Only if you have an open and active grant.
Payment Management System

To access the FFR you must first log into the PMS system using the credentials you received when you first set up the users for your account.

https://pmsapp.psc.gov/pms/app/login

Once you are in the FFR component of the PMS system, you will see and access the FFRs you will be required to submit to EAC on your grantee dashboard.
Grant and Grantee Data (Box 1-9)

Most of boxes 1 – 9 are auto-populated with data from EAC except for the following:

**Box 6:** For annual reports due December 29, check the annual box.

For semi-reports due April 30, check Semi-Annual.

You must contact EAC to set up the Final FFR in PMS when you have expended all federal funds and interest.

**Box 7:** Basis of Accounting. Check Cash or Accrual.

Accrual basis of accounting refers to the accounting method in which expenses are recorded when incurred.

For cash basis accounting, expenses are recorded when they are paid.
Transactions – Section 10

You will enter the following:

Line b - Cash Disbursements.

Line e - Federal share of expenditures.

Line f - Federal share of unliquidated obligations.

Line i - Total recipient share required.

Line j - Recipient share of expenditures.

Line l - Total Federal program income earned.

Line n - Program Income expended in accordance with the addition alternative.
Line b - Cash Disbursements.

Enter the amount of cumulative expenditures. It should be the same amount you enter on Line e.

Line e - Federal share of expenditures.

Report federal expenditures from the beginning of the grant.

**NOTE:** Financial data in the SF425 Financial Federal Report should always reflect cumulative expenditures from the beginning of the grant.
Transactions – Section 10

**Line f - Federal share of unliquidated obligations.**

If you have any costs incurred during the reporting period that you have not yet paid, enter them here as unliquidated obligations.

**Line i - Total recipient share required.**

Report your cumulative required state match, interest earned on your state share and all program income from the beginning of the grant.
Transactions – Section 10

Line j - Recipient share of expenditures.

Report cumulative expenditures from the beginning of the grant paid for with state funds, the interest earned on state funds and program income.

NOTE: Current year state interest and program income earned/expended will be reported in Box 12, the remarks section of the form.
Transactions – Section 10

Line l - Total Federal program income earned.

This line is used by EAC exclusively to track federal interest earned. Enter the cumulative sum of the interest earned on the federal share from the beginning of the grant.

Line n - Program Income expended in accordance with the addition alternative.

Enter the cumulative amount of funds expended with federal interest earned on this line from the beginning of the grant. DO NOT report program income or interest earned on the state share in this section.
**Transactions:**

(Use lines a-c for single or multiple grants reporting)

Indirect Cost and Expense – Section 11

Enter your indirect cost data. If you did not apply indirect costs to your federal or state share you can skip this section.

a. Type of agreement. Select Provisional, Predetermined, Final, or Fixed.

b. Rate. Enter the indirect cost rate(s) in effect during the reporting period.

c. Period from and to. Enter the beginning and ending effective dates for the rate(s).

d. Base. Enter the amount of the base against which the rate(s) was applied.

e. Amount charged. Enter the amount charged during the time period specified. (Multiply 11b. x 11d.)

f. Federal Share. Identify what portion of the amount reported in 11e. is Federal Share.
Remarks – Section 12

This is a required section. Enter the data below as well as any other information needed to clarify amounts on your FFR.

If you did not earn or expend program income or state interest, report $0. At a minimum, enter the following:

- State Interest Earned: Enter the current year amount earned.
- State Interest Expended: Enter the current year amount expended.
- Program Income Earned: Enter the current year amount earned.
- Program Income Earned Breakdown: List each source of program income individually next to each amount.
- Program Income Expended: Enter the amount of Program Income expended in the current year.
Remarks Example:

State interest earned: $84,360
State interest expended: $45,300
Program income earned total: $22,421
Program income earned breakdown:
  $12,000 Source: Sale of registration list
  $10,421 Source: Sale of Vehicle
Program income expended: $0
Preview Certification

The authorized certifying official must sign off on the FFR and submit. The preparer and the certifier may be the same individual depending on your organization’s setup.
## Supporting Documentation

### Check Your Work

- Are the claimed costs included on the approved budget?
- Do the costs claimed on the FFR reconcile to the accounting system?
- Do you have sufficient supporting documentation for all the claimed expenses on file?
- Are any salary costs claimed properly supported with an appropriate timekeeping system?
- Is grant-funded equipment tracked and documented on an inventory list?
- Have you confirmed the allowability of any promotional or marketing expenses?
- If grant funds were used for capital improvements, do you have prior approval from EAC?
- If you are claiming indirect costs, have you calculated the amount correctly?
Alchemer Login

To access the correct progress report in Alchemer you must first log in using the corresponding credentials you received from EAC.

Once you are logged into Alchemer, you will have the option to select the type of grant and report you are submitting.
Report Type & Period

Select the correct report form:

**Grant Number** – Enter the grant agreement number which is provided in your Notice of Grant Agreement (NGA) as well as on your FFR in PMS. (NOTE: it’s also the username you used to login)

**Report Type** – Select the reporting period. If you are submitting a final report, select Final.

**Reporting Period** – The reporting period is provided in the report type you selected. If you are submitting a final report, you can find the grant start date on your FFR. The end date will be either the Annual or Semi-Annual end date.
Progress and Narrative Overview

Reports due for the period ending March 31 should describe the activities of the six-month period and reports due for the period ending September 30 should cover the previous 12-month period.

Final progress reports should cover the entire grant period.

Report questions will vary depending on which grant and report type you select.

PRO TIP:
If you would like to draft your responses outside of Alchemer, you can preview and download a report template from our website: https://www.eac.gov/payments-and-grants/financial-progress-reporting
Progress & Narrative

Preparing Your Progress Report

Your narrative should describe the following:

• how your funding was used to meet HAVA requirements
• significant changes to your program
• issues you encountered
• articles of voting equipment purchased
• how your state match requirement was met
• subgrant activities
Progress & Narrative

Creating a Strong Narrative

Be Concise
Narratives that answer the questions concisely can be reviewed and approved more quickly.

Be Organized
Narratives organized according to the major expenditure categories reported in the expenditure chart are easier to follow and more likely to be approved without the need for further revision or clarification.

Be Mindful
EAC progress reports are publicly posted along with FFRs on our website. Federal and congressional inquiries are often made regarding these reports, and individual state reports are sometimes singled out.
Changes to the Progress Report

Reporting Subgrants

In addition to reporting subgrant activities, you will report the breakdown of aggregate subaward expenditures by major grant categories.

The total provided in the subgrant chart should match the corresponding expenditure line for subgrants on the Expenditure Chart at the end of your progress report.
Changes to the Progress Report

**Expenditure Chart Categories**

The following categories have been added to the Expenditure Chart to provide more accurate reporting across grants:

- Accessibility
- Staffing
- Training
- Subgrants
- Indirect Costs
- Unliquidated Obligations

Expenditure Chart Validation

After you have entered your expenditures by category for both federal and state shares, you will need to confirm your total expenditure amounts on the following page.
Expenditure Chart Reminders

Unlike the cumulative reporting for your FFR, your progress report should only cover the current reporting period, including expenditures on your federal and state shares.

- Write in additional cost areas that do not fit into the main categories.
- Calculate total expenditures for each column, including write-in expenditures that appear below the total line.
- Ensure that expenditures are consistent with the activities described in your narrative.
- Ensure that expenditures are aligned with the amounts reported in your FFR including federal and state interest expenditures.

PRO TIP
EAC uses the difference between your current FFR and your previous year’s FFR to calculate current year expenditures. You can ensure that your Progress Report and FFR align by using the budget worksheet on our website: https://www.eac.gov/payments-and-grants/financial-progress-reporting

Report Review Process

EAC reviews FFRs and Progress Reports together to ensure that the two reports are aligned. If EAC staff have questions regarding use of funds or expenditure calculations, then reports are sent back for revision and/or clarification.

- Revisions are expected to be completed within one week of notification.
- Once reports have been approved, you will receive an email confirmation, and the reports will be posted to the EAC website within two weeks.
Common Reasons for Progress Report Revisions

• Current year expenditures provided in a Progress Report do not align with FFR expenditures based on current and past year’s reporting.

• Missing match expenditures.

• Expenditure chart does not align with report narrative.

• Narrative includes “red flags” regarding appropriate use of HAVA funding – e.g. “Get Out the Vote” campaigns

• A description of match sources is not provided or is incomplete.

• Insufficient information is provided in narrative responses.
