U.S. ELECTION ASSISTANCE COMMISSION
HAVA Progress Report (PR) Guidance

Your State Plan (251) or your Program Narrative (101 grants) established the programmatic objectives that EAC will monitor over the course of the performance period. The Election Assistance Commission (EAC) requires all grantees to submit a Progress Report (PR). Starting in 2020, EAC is requiring the use of the OMB approved format in Alchemer (https://www.alchemer.com/), previously Survey Gizmo, to prepare and submit the report.

Due dates. Reports are due semi-annually until all funds and interest are disbursed. The mid-year report covers the period from October 1 through March 31 and is due by April 30. The annual report covers the 12-month period from October 1 – September 30 and is due by December 29. The final progress report is due 120 days after all funds under the grant have been expended, including federal, state, program income and interest.

For CARES, the first PR is not due on December 29, 2020, instead it is due February 28, 2021 (for the period March 28 – December 31, 2020). If you have not met all your match for CARES by December 31, 2020, you will follow the due dates for all other PRs above until you have met the match.

Submission Instructions. States must submit separate reports for each individual grant from EAC. Reports should be completed in the appropriate electronic format. Progress Report data is submitted through Alchemer. EAC registered all active grants for each state in Alchemer and provided the account information to each state to log in with a unique password via email.

I. COMPLETING THE PROGRESS REPORT

To access the PR you must first log into Alchemer (https://www.alchemer.com/) using the credentials you received from EAC via email.

Once you are logged in to Alchemer, you will be able to fill in the report required for the grant for which you logged in. Most grantees will have at least two active grants, your Election Security and CARES Act grants. Many states will also have 251 and/or older 101 grants. Entering the data is straightforward.

**ADDITIONAL REPORTING FOR 2020 HAVA CARES GRANTS**

The CARES Act requires states to submit a report after each primary and general election that includes a “full accounting of the State’s uses of the payment and an explanation of how such uses allowed the State to prevent, prepare for, and respond to coronavirus.” Please provide a narrative report that describes how you used the funds to address the pandemic, the challenges you faced in responding to it and how you are meeting the state match requirement. Describe the major issues you faced in dealing with the pandemic in the election cycle and how you made funds available to local jurisdictions. Complete the expenditure table describing your major expenditures under the grant.

---

C. Problems Encountered
Describe all major issues that arose during the implementation of the project and the reasons why established goals were not met, if appropriate. Address each issue separately in its own section and describe whether and how the issues were resolved. Also, briefly discuss the implications of any unresolved issues or concerns.

**FINAL NARRATIVE REPORT**

The final report is your opportunity to share the significant features of your project and present information about the results your project achieved.

The document should be written as if the reader has no previous knowledge of your project’s activities.

The report should cover the entire period of performance.

It must review and highlight all activities that occurred during the implementation of the project, including an assessment of your performance.

**Conclusion and Recommendations**

Summarize your entire project and the lessons learned during its implementation.

Include a review of your successes and suggest ways that your experience may be helpful to others. Write an assessment of how your project has impacted the problems you were trying to solve.

Were there unexpected benefits? Shortfalls? What about your state experience can be helpful to other states? Did you make permanent changes to your processes?

d. Expenses

Fill out the table of expenditures with cumulative expenditures for the reporting period. A table for the associated category of funding – 251, 101, ES, CARES will populate once you select which report you are submitting. See sample table categories and layout at the end of this guide. Write in additional cost areas as needed that do not fit into the other categories.

**C. CERTIFICATION**

The EAC-PR form must be signed by an authorized individual. Fill in the Name and Contact of the authorized certifying official of the grant recipient. Electronically sign the report.

**II. CHANGES TO STATE PLAN OR BUDGET**

EAC understands that plans can change over the life of a grant. Consult the EAC grants office (grants@eac.gov) if you need to revise plans and the budget in the future. For example, if the approved grant budget currently only includes costs associated with post-election auditing, you cannot allocate costs related to printing additional ballots to the grant. However, you can request a budget amendment from EAC to include costs related to voting systems and, thus, printing ballots. The EAC will work to approve such budget amendments within 48 hours.

**III. EXTENSION**

Extensions must be approved by EAC and requests must be made in advance of the reporting deadline. Any missed reports are recorded as late and out of compliance.
Sample of Eligible Activities and Current Period Amount Expended and Unliquidated Obligations

This is just an example and not an exhaustive list. A separate table is required per grant.
