4. Progress and Narrative

Final Progress Report:

The final report is your opportunity to share the significant features of your project and present information about the results your project achieved. It should be written as if the reader has no previous knowledge of your project's activities. The report should cover the entire period of performance.

Review and Self-Assessment:
Review and highlight all activities that occurred during the implementation of the project, including an assessment of your performance.

The SEC was able to have a successful 2020 General Election. See below activities.

7. CARES Grant Specific:

Describe in detail how you used the funds to address the pandemic.

As the state’s chief election agency, the State Election Commission ("SEC") is charged by law with supervising the conduct of voter registration and elections throughout the state of South Carolina. This includes ensuring county boards of voter registration and elections comply with federal law, state law, and SEC policies and procedures with regards to voter registration and elections. The SEC also maintains the statewide voter registration system, approves and supports the statewide voting system, conducts a training and certification program for local election officials, conducts candidate filing, and provides a candidate tracking system.

8. Describe the major issues you faced in dealing with the pandemic and how you addressed or resolved those issues.

Since the beginning of the pandemic, the SEC focus was on addressing two main issues: to make polling places as safe as possible for voters, poll managers, and county election officials and, second, to address the increasing demand for absentee-in-person and absentee-by-mail since the general assembly passed legislation that included “COVID-19” as a reason to vote absentee for the 2020 General Election. To that end, the SEC made the following expenditures of HAVA CARES funding:

- Business Reply Account set up to allow the no postage due return of ballots by the voter
- Various items to assist with maintaining social distancing as suggested by public health officials: COVID signs to post at polling locations, surge protectors and extension cords to keep safe distance between voting machines and equipment's, guidelines marking appropriate distance between voters, election workers, etc.
- Additional Absentee Envelopes due to increase in absentee voting • Blue Ballot Tote Bins for additional absentee locations
- Curbside Carts to provide for social distancing for curbside voting • DS200and DS450 Scanners to help process absentee ballots
- Ballot-Marking Devices (BMDs) to meet increased demand for in-person absentee voting
- Electronic Pollbooks provided to counties to check in voters, ensure voters receive correct ballot style and minimizes physical contact with poll managers
- Thumb drives for additional scanners and BMDs
- Personal Protective Equipment (PPE) and supplies including face masks, face shields, gloves, hand sanitizer, Q-tips (to be used on touch screens by voters), alcohol wipes and sneeze guards
- Counties encouraged to open multiple Absentee Satellite locations in order to assist with the increase in absentee voting (in person and to facilitate the return of completed absentee ballots)

Describe in detail what happened during this reporting period and explain how you implemented the approved grant activities in accordance with your State Plan/Program Narrative. (Note: Your activities should align with your Grant Cost Categories Table.)

Describe any significant changes to your program during the project, including changes to your original State Plan/Program Narrative or favorable developments that improved program efficiency and/or service delivery.

Issues Encountered:

Describe all major issues that arose during the implementation of the project and the reasons why established goals were not met, if applicable. Address each issue separately and describe whether and how the issues were resolved. Also, briefly discuss the implications of any unresolved issues or concerns.

9. Provide a description of any training conducted, including security training.

SEC continued to educate voters on early voting options, how to vote by mail, and new voting equipment. We did this by using traditional TV advertising, as well as a strong social media push.
10. Subgrants:
Did your office provide subawards to local jurisdictions during this reporting period?
No

Describe the activities carried out by your subgrantees during the reporting period.

Provide a breakdown of aggregate subawards expenditures across major categories.
Total: 0

11. Match:
Describe how you are meeting or have met the matching requirement.
The match funds were all expended during the prior reporting period.

12. Report on the number and type of articles of voting equipment obtained with the funds. Include the amount expended on the expenditure table.
N/A

13. Impact:
Write an assessment of how your project has impacted the problems you were trying to solve. Were there unexpected benefits? Shortfalls?
N/A

14. Lessons Learned:
Provide a review of your successes and suggest ways that your experience may be helpful to others. Did you make permanent changes to your processes? What are some areas of potential improvement?
N/A
