## 7. Progress Narrative:

### Progress During Reporting Period

The CARES Act requires states to submit a report after each primary and general election that includes a “full accounting of the State’s uses of the payment and an explanation of how such uses allowed the State to prevent, prepare for, and respond to coronavirus.” Please provide a narrative report that describes how you used the funds to address the pandemic, the challenges you faced in responding to it and how you are meeting the state match requirement. Describe the major issues you faced in dealing with the pandemic in the election cycle and how you made funds available to local jurisdictions. Complete the cost table below describing your major expenditures under the grant. Add additional cost areas as needed that do not fit into the other categories.

Massachusetts has used the funds to expand voting by mail which included printing of additional primary ballots and envelopes used by local election officials to send out ballots and envelopes used by voters, which included postage for ballots being returned.

Municipalities have received additional equipment, including voting equipment and systems support, to process the increase in vote-by-mail ballots. We have also used the funding to provide local election officials with PPE for the primary including masks, gloves, sanitizer and plexiglass shields.

Further, funds have also been directed towards communicating changes in the voting process to voters to ensure they were aware of the options to participate in the state primary and upcoming election.

## FINAL PROGRESS NARRATIVE REPORT

### PROGRESS DURING REPORTING PERIOD

The CARES Act requires states to submit a report after each primary and general election that includes a “full accounting of the State’s uses of the payment and an explanation of how such uses allowed the State to prevent, prepare for, and respond to coronavirus.” Please provide a narrative report that describes how you used the funds to address the pandemic, the challenges you faced in responding to it and how you are meeting the state match requirement. Describe the major issues you faced in dealing with the pandemic in the election cycle and how you made funds available to local jurisdictions. Complete the cost table below describing your major expenditures under the grant. Add additional cost areas as needed that do not fit into the other categories.

The final report is your opportunity to share the significant features of your activities and present information about the results you achieved. The document should be written as if the reader has no previous knowledge of your activities. EAC would like to share the final reports with all states. The report should cover the entire period of performance. Review and highlight all activities that occurred during the period of the grant. Include the table of expenditures with cumulative expenditures for the entire project period.

### CONCLUSIONS AND RECOMMENDATIONS

Summarize your entire project and the lessons learned during its implementation. Include a review of your successes and an assessment of how your activities addressed the pandemic. What did you learn about dealing with and preparing for a major crisis during an election year that can be helpful to other states? Did you make permanent changes to your processes? Were there unexpected benefits? Shortfalls?
