3. EAC CARES Progress Narrative Report

1. State:

Enter the name of the state or territory that received the grant and is submitting this report.

Pennsylvania

2. Grant Number:

Enter the grant agreement number from the notice of grant award.

PA20101CARES

3. Report:

20 days after primary

4. DUNS/UEI:

Enter the recipient organization's Data Universal Numbering System (DUNS) number or System for Award Management (SAM) extended DUNS Number or the Unique Entity Identifier.

5. EIN:

Enter the recipient organization's Employer Identification Number (EIN) provided by the Internal Revenue Services.

6. Recipient Organization:

Enter the name of the recipient organization and address, including zip code.

Organization Name

Pa Dept Of State

Street Address

308 North Office Bldg 401 North Street

City

Harrisburg

State

PA

Zip

17120

7. Progress Narrative:

Progress During Reporting Period

The CARES Act requires states to submit a report after each primary and general election that includes a “full accounting of the State’s uses of the payment and an explanation of how such uses allowed the State to prevent, prepare for, and respond to coronavirus.” Please provide a narrative report that describes how you used the funds to address the pandemic, the challenges you faced in responding to it and how you are meeting the state match requirement. Describe the major issues you faced in dealing with the pandemic in the election cycle and how you made funds available to local jurisdictions. Complete the cost table below describing your major expenditures under the grant. Add additional cost areas as needed that do not fit into the other categories.

The Pennsylvania Department of State has spent \$3,421,078.40 of the federal CARES Act dollars and also spent at least \$110,920.25 towards the state match.

Of the federal dollars spent, the department has provided counties with funding for elections staff and PPE based on reimbursement requests already received. Internally, the Department has used federal dollars to complete a pre-primary communication campaign including media ads and a postcard mailing to each eligible voter in PA. In addition, PPE kits were provided to county polling places.

Of the state match spend, the bulk was spent on additional staff working to take elections calls in the 1.5 months prior to the rescheduled primary election. Also, the Department mailed more than 50,000 applications to eligible voters who requested them through our hotline, and costs for this postage is included. The Department has other large projects as well as additional increased personnel and other costs due to COVID-19 in place that will be used toward the state match. One such project was to prepare for and process extremely high volume of mail-in voting. This required the Commonwealth to invest in and implement additional information technology resources to support the exponential increase in demand for mail ballot voting. Costs for this project have not been realized to date, but are anticipated at approximately \$280,000. It will be challenging, but the department feels we will be able to meet the obligation.

Some of the biggest issues PA faced was the efforts associated with changing the date of the primary election was the need for both PA and counties to add significant expenses to accommodate huge increases of mail-in voting. Staffing, equipment, protective supplies, technology, and communications all were also increased as a result of the pandemic. Additionally, there were greater poll worker and polling place losses and associated increases in expenses to fill in those gaps.

FINAL PROGRESS NARRATIVE REPORT

PROGRESS DURING REPORTING PERIOD

The CARES Act requires states to submit a report after each primary and general election that includes a “full accounting of the State’s uses of the payment and an explanation of how such uses allowed the State to prevent, prepare for, and respond to coronavirus.” Please provide a narrative report that describes how you used the funds to address the pandemic, the challenges you faced in responding to it and how you are meeting the state match requirement. Describe the major issues you faced in dealing with the pandemic in the election cycle and how you made funds available to local jurisdictions. Complete the cost table below describing your major expenditures under the grant. Add additional cost areas as needed that do not fit into the other categories.

The final report is your opportunity to share the significant features of your activities and present information about the results you achieved. The document should be written as if the reader has no previous knowledge of your activities. EAC would like to share the final reports with all states. The report should cover the entire period of performance. Review and highlight all activities that occurred during the period of the grant. Include the table of expenditures with cumulative

expenditures for the entire project period.

CONCLUSIONS AND RECOMMENDATIONS

Summarize your entire project and the lessons learned during its implementation. Include a review of your successes and an assessment of how your activities addressed the pandemic. What did you learn about dealing with and preparing for a major crisis during an election year that can be helpful to other states? Did you make permanent changes to your processes? Were there unexpected benefits? Shortfalls?

8. 2020 HAVA CARES GRANTS

Current Period Amount Expended and Unliquidated Obligations

PANDEMIC GRANT COST CATEGORIES

	Federal	Match
Voting Processes, including additional costs for printing and mailing ballots, ballot tracking software, high speed scanners and letter opening equipment, mail drop boxes, hardware and software associated with signature comparison of returned ballots		\$349.30
