PROGRESS DURING REPORTING PERIOD

The CARES Act requires states to submit a report after each primary and general election that includes a “full accounting of the State’s uses of the payment and an explanation of how such uses allowed the State to prevent, prepare for, and respond to coronavirus.” Please provide a narrative report that describes how you used the funds to address the pandemic, the challenges you faced in responding to it and how you are meeting the state match requirement. Complete the cost table below describing your major expenditures under the grant. Add additional cost areas as needed that do not fit into the other categories.

The final report is your opportunity to share the significant features of your activities and present information about the results you achieved. The document should be written as if the reader has no previous knowledge of your activities. EAC would like to share the final reports with all states. The report should cover the entire period of performance. Review and highlight all activities that occurred during the period of the grant. Include the table of expenditures with cumulative expenditures for the entire project period.

CONCLUSIONS AND RECOMMENDATIONS

Summarize your entire project and the lessons learned during its implementation. Include a review of your successes and an assessment of how your activities addressed the pandemic. What did you learn about dealing with and preparing for a major crisis during an election year that can be helpful to other states? Did you make permanent changes to your processes? Were there unexpected benefits? Shortfalls?
