Approval of Voting System Testing Application Package

Dear Ms. Twumasi-Ankrah,

The U.S. Election Assistance Commission (EAC) completed the review of the application package for the ClearVote 2.0 voting system. The application was accepted and assigned the following unique application number: **CBG-CV-20**.

Clear Ballot Group selected Pro V&V as the lead VSTL for this testing engagement and testing will be conducted to the *VVSG 1.0*. If the system meets the criteria for a grant of certification, the system will be assigned the number “**CBG-CV-20**,” as per your request on the application form (EAC-002C).

The EAC Testing and Certification Program assigned Jerome Lovato as Project Manager to oversee this application. The goal of the Project Manager is to facilitate the communication between EAC staff, the registered manufacturer, and accredited VSTL to optimize the efficiency of the testing and certification process. The Project Manager will monitor the voting system throughout the Testing and Certification process, and ensure the it follows the requirements of the Testing and Certification Program Manuals.
